# PLASTIC GRANNIES

**THE NEW NON-SURGICAL BREAST ENHANCEMENT TECHNOLOGY  
HAD UNFORESEEN RESULTS FOR DORIS.**

Plastic Grannies is the creation of artist/writer, Mychailo 'Mike' Kazybrid, who has worked professionally in the comic book industry for over 36 years, this mainly on licensed characters and titles such as Wallace & Gromit, Shaun the Sheep, Duckula, Dangermouse, The Tick, Matt and the Cat (Transformers UK), to mention but a small few.

His work equally includes six years producing daily cartoon strips for provincial newspapers such as the Bradford Telegraph & Argus, and later the Manchester Evening News, and more recently drawing the Wallace & Gromit daily cartoon strip in The Sun. His work has ranged from children's books, international comic strips for mobile phones, to

four years in broadcast television. Much of his artwork is showcased on <http://kazybridscharactercreation.blogspot.com/>, this includes showing original pencils and inks of the Wallace & Gromit strips. His cartoons can also be seen in the Two Men and a Ghost feature in Haunted Magazine.

*The amazing*  
**Alysha Nett**

**With regards to nudity, has there always been a line that you'd draw? Do you put things in categories of how they'd be perceived?** Absolutely, I've turned down work before because it wasn't something I wanted to take my brand to, because I see myself as a brand. I have a bigger picture, and I work with bigger clients like Intel and Etnies so I have to think of that stuff now, and what they wouldn't appreciate. Say I was doing something that was really suggestive – I'm not against that, it would just have to be for the right project. If Michael Donovan or Ellen von Unwerth was shooting, that would be ok because I could trust that their work would turn out beautiful and not be misinterpreted.

**So you're line is art?** Yes, in a sense. I've never done full nudity, and I don't like to say that I'd never do it because if it was the right project... I've seen lots of beautiful models doing full nudity that you don't even notice, and to me that's what's important. I don't really like being nude for the sake of being nude...

**So you rely on your own artistic judgement as well as that of the people you're working with?** I trust my gut, I always trust my gut. If I have a bad feeling about something then I won't do it; and I have no problems not doing something if I don't want to. Once you do something out of obligation, then you're kind of compromising yourself as a person and I'm not comfortable with doing that. Although it might make a quick buck, I think, how would I feel about myself afterwards? I can't imagine what I would go through – wondering why would I do that? It's like writing in ink, it's permanent, there's nothing you can do about it once it's written – all I can do is try my best to pose accordingly and make sure what I'm doing represents me.

**Your modelling has spanned so many genres, from fashion to artistic nude – where do you see yourself heading in the future? Would you continue to collaborate and expand on what you’re already doing, or do you see it, now that you have done a lot, leaning in a particular direction?** Just because my passions in general are styling and clothing, I’ve always been inspired by people’s personal style as opposed to high fashion. While I love high fashion, I know that that’s not realistic for me, and I am a realist. I’m definitely interested in being involved in street wear, street style or – the design aspect.

**That possibly is more suited to you; with regards to height and other measurements...** Well yeah exactly, so I don’t really know if there is a genre for that, personally I’m not really sure that I fit in anyway because I’m not alternative for the Alt people, but I’m not high fashion enough for the high fashion people, so I try to brand myself more as a personality over anything else.

**So it's almost like a new wave of models - what I've noticed is that more and more actresses and recognizable personalities are on the covers of magazines instead of models, because models just aren't getting across their personalities. I thought that was a mistake – do you agree?** Yeah definitely, I'd like to branch into television, more things like writing and style and designing, everything... my goals are to be photographed by brilliant photographers and be in famous magazines, but I know that won't happen simply as a model, so I just have to get famous!

**You're doing pretty good!** My goals to get famous so I can do the things that I really want to do.

**Sorely on your personality and be true to yourself, because that way, you'll never slip up, and and up with people knowing something genuine.** Exactly. It's hard enough to be myself, I can't imagine having two personalities, it'd be really difficult.

**Questions written for Toria Brightside by Ezra Tren-Humphries**

**Favourite place in London so far?** I don't know! Most of my experiences have been with food!

**Best cup of tea?** The best cup of tea, most of the tea I've had was at home, but I did have some tea we went to Southbank a few days ago that's when I had my first cup of proper tea, it tasted like green tea with honey. Milky, with two sugars.

**What's the most bizarre sight you've seen over here?** Um nothing's really that crazy over here to be honest.

**More crazy in the states?** Yeah, but then I thought it was quite bizarre over on Southbank to have this American style Micky Mouse in this full blown red, white and blue outfit – thought that was a little strange.

**Who's your favourite author?** I don't read, it's not that I don't read it's just that I usually just read articles and things like that so I can't really have a proper author because it's been years since I last read a book.

**You're tattoos show a clear interest**

**in alternative culture...why did you choose that path for yourself? Rather than 'alternative' as a genre, I think we mean non-standard.** I'm not standard, so I guess I am alternative. When I was in high school I just discovered music, I grew up in a really small town and I just discovered rock music.

**Story of all our lives! (laughs from the team)** As silly as it sounds the birth of myspace helped me see people in L.A and New York that were amazing to me... like wow look at her... blue hair... or whatever! It just had a huge influence, and I just wasn't afraid of it anymore.

**What's your favourite tattoo?** I really love my back.

**It's my favourite too! Was it painful? YES! (laughs from team)** It was really painful, but I just really love it.

## **PARTYING WITH JAMIE LAING (MADE IN CHELSEA) AT VANITY - BOUTIQUE, MANCHESTER**

Last Saturday Made In Chelsea star Jamie Laing made his debut on the Manchester party scene to host the launch of Vanity at Boutique nightclub. Event manager Jamie Barr kept the party in full flow and the Vanity hostesses were an absolute delight. My outfit, alike most weeks, fell to mixed criticism; alarmingly more positive than usual. The toilet attendant however initially tried to direct me to the ladies room, and a guy with dreadlocks asked me if I was a transvestite! I'm not by the way. A great night transpired and I witnessed some of the largest bottles of Moet and Belvedere going off. Definitely keep an eye out for future Vanity nights - these guys sure know how to party. Check out the video of all the action over at [YouTube.com/jskytube](https://www.youtube.com/jskytube).

# *Portia Victoria*

*Playful & Sexy...*

---

**Hi Portia, thank you so much for coming back to Elite! Which reminds me, why did it take you so long to come back to us? \*Laughs\*** Well it's great to be back. You know I love you guys!

**What have you been up to?** Don't know where to begin! I've been a very busy girl recently. I filmed for a couple of feature films and a music video in the latter part of 2011 (including a British Thriller, *Scar Tissue* which will be out later this year! Yay exciting times!) I'm currently working on 3 different theatre productions at the moment and I will be performing (singing) at lots of prestigious events this year... and of course lots of photoshoots! :-)

**Is this your first photo shoot for a magazine?** I've done a few photoshoots for various publications my most recent was for *Totally Modified* which was released in February so I hope you saw it in the shops! ;-)

**Who are your modeling aspirations?** Audrey Hepburn. She was such a beautiful and talented woman who inspired me from being a little girl. It would be my dream to become as successful and inspirational as Audrey.

**What are your best assets?** Erm... apparently my bum, eyes, jawline and cheek-bones. Someone once said to me that I have nice thighs... but to be honest I thought that comment was a little bizarre haha!

**If you could do a sexy photo shoot with any model, who'd it be?** Masuimi Max - Damn she's hot mash!

**Have you ever popped out in public?**  
I would like to answer 'no' to this question... however my boobs seem to enjoy making regular appearances after a couple of cheeky cocktails.

**If you could be one person for the day, who would you be?** Past or Present?  
Past: Audrey Hepburn without a shadow of a doubt. Present: Dita Von Teese

**Do you ask girls to feel your boobs?**  
No but they go for it anyway... my friends don't need persuasion (or permission) haha!

**If you could be in charge of Elite for a week, what would you do?** I would put more alternative hotties in the magazine! ;-)

**So how can a guy impress you?** It's not that hard to impress me to be honest just by being genuine, funny and interesting!

**Is there anything unusual about you?**  
There's lots of unusual little things about me... I'm not a typical girl at all and I view the world from a slightly different angle (if that makes sense). I am a very bubbly and social person to talk to as an individual, however I can be socially awkward in large groups of people because I get confused so I often remain silent in group discussions. (I blame that on the dyspraxia.) I occasionally have full on heated debates with myself too... Oh well.

**What kind of girl would you go out for if you were a man?** I swing both ways. I like girls that are physically attractive, sexually adventurous, sweet personality and super fun to be around! :-)

**What would you do if you had three wishes?** I would use my first two wishes on the obvious things (Happy life, successful career etc...) and I would donate my final wish because I'm not greedy.

**What is the naughtiest thing you have done?** Something very naughty...

**What is the naughtiest thing you want to do? ...** Something even naughtier.

**Have you ever kissed a girl?** Yes of course... and more!

**Where's the strangest place you have ever had sex?** Haha! Are you sure you want to know? Probably Starbucks.

**What's your trademark move in the bedroom?** I don't actually have a trademark move. I like to be adventurous and try something different each time.

**What's a guaranteed turn-on for you?** Kisses on the neck.

**What's your rude fancy-dress outfit of choice?** Hmm.... The ghost of a Russian prostitute!

**Could you beat a kangaroo in a fight?**  
*\*Laughs\** What sort of a question is that!? Obviously I'd win. *\*winks\**

**Blonde or brunette?** Both. Half blonde; half brunette. Now that's sexy!

**Finally, any last words to our readers?**  
Thanks guys for having me back! :-)  
Hope you have enjoyed reading. Which reminds me, I'm currently looking for clothing companies to sponsor me as I will be performing at lots of high profile events this year. Feel free to contact me if interested. [info@portiavictoria.co.uk](mailto:info@portiavictoria.co.uk).

**The Model  
Mayhem  
Sensation**

**Hi Nikki, it's great to have you back in our magazine! Tell us, what have you been up to?** Hey thanks for inviting me back. I've been quite busy since my last feature, the modelling is going well and I now have a base near Nottingham so makes travelling further South to jobs much easier.

**Is this your first photo shoot for a magazine?** No, I've been in many other published magazines; being published in a magazine is one of the best parts of being a model, still get a buzz from seeing my images in print.

**Who are your modeling aspirations?** Candice Swanepoel. I love the work she does, a fantastic model, would be a dream come true if one day I stepped in her shoes.

**What are your best assets?** People always compliment me on my legs and eyes so I guess they're probably my best assets.

**If you could do a sexy photo shoot with any model, who'd it be?** Peter Andre, not technically a model but he's a lovely guy and I'd say it would be a great laugh.

**How do you prepare for a modeling shoot?** All guns blazing, I am well organized and like to have everything packed and ready the day before if possible, nails done, *tom tom* set, packed lunch made. It's a full time job ha!

**It is often said that a model should have a good personality. What personality traits do you think you have that should make you a good model?** I'm always enthusiastic, have a good sense of humour with a bright and lively personality. I'm patient, friendly and always have a smile.

**Describe the atmosphere when you're on a shoot. Do you play music? Do you talk with the photographer between shots?** I like a nice relaxed friendly atmosphere I think this leads to better shots. The photographers sometimes play music, which is a great way of getting models into the shoot, without

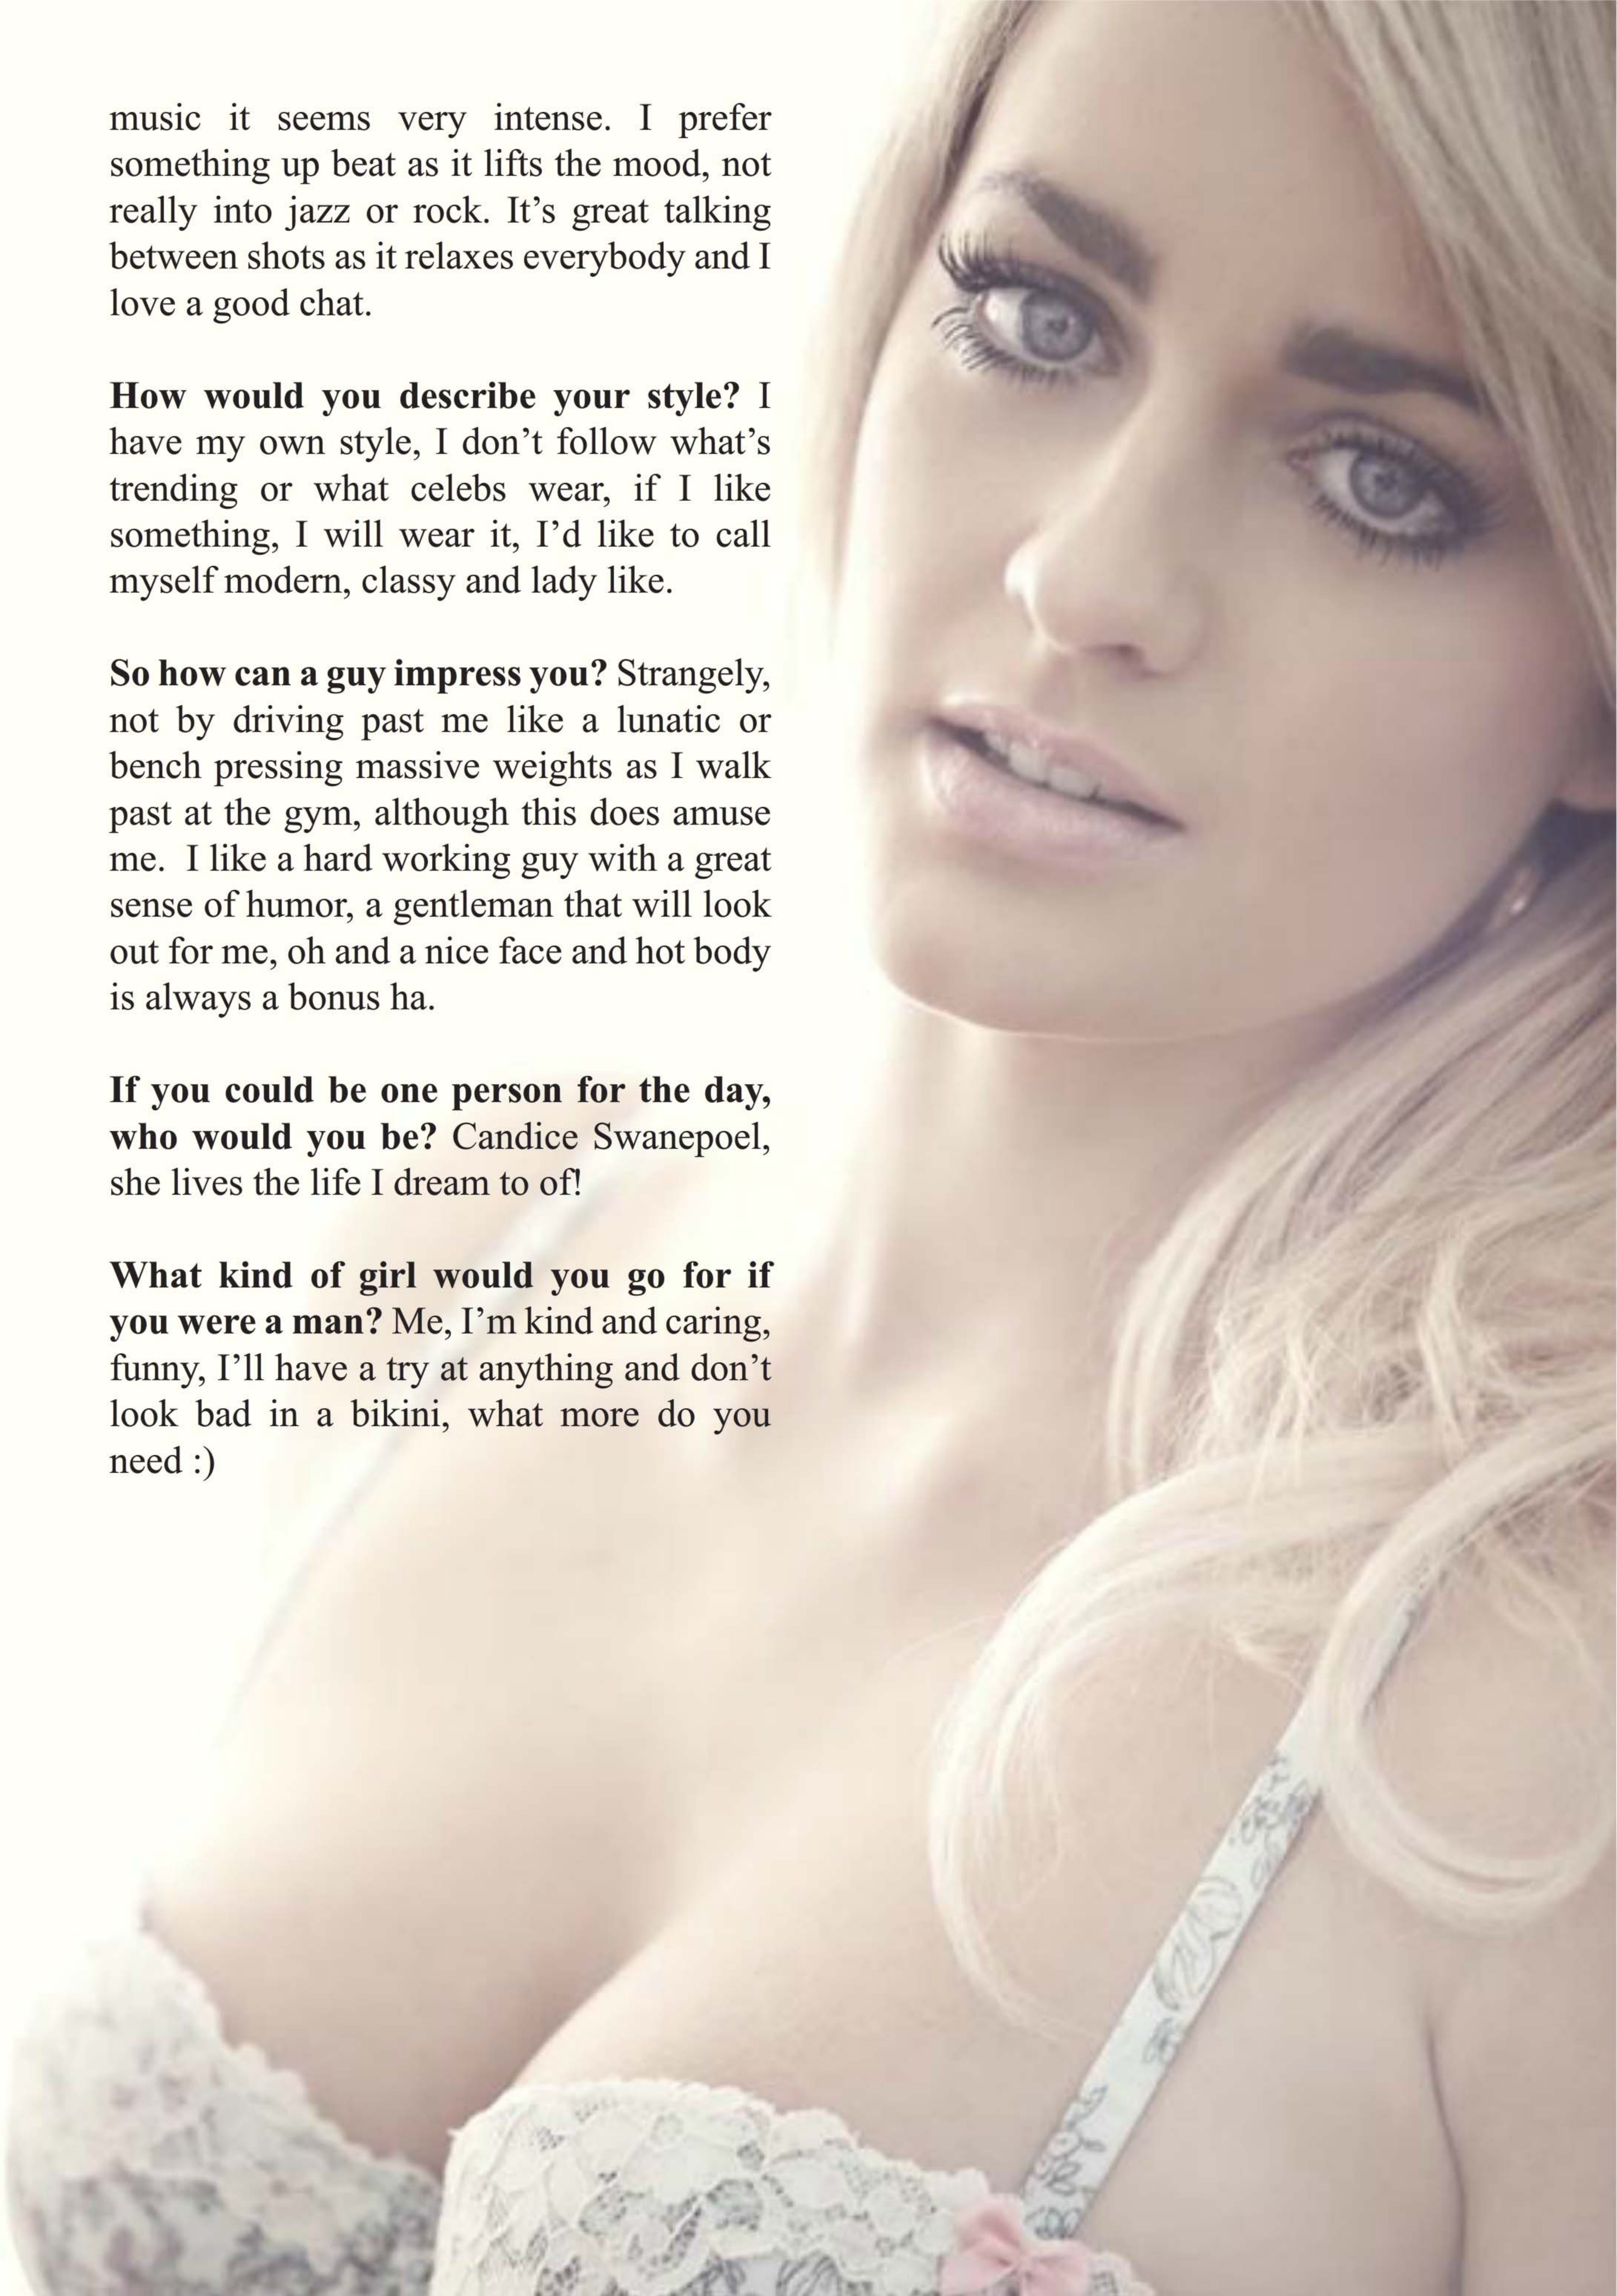

music it seems very intense. I prefer something up beat as it lifts the mood, not really into jazz or rock. It's great talking between shots as it relaxes everybody and I love a good chat.

**How would you describe your style?** I have my own style, I don't follow what's trending or what celebs wear, if I like something, I will wear it, I'd like to call myself modern, classy and lady like.

**So how can a guy impress you?** Strangely, not by driving past me like a lunatic or bench pressing massive weights as I walk past at the gym, although this does amuse me. I like a hard working guy with a great sense of humor, a gentleman that will look out for me, oh and a nice face and hot body is always a bonus ha.

**If you could be one person for the day, who would you be?** Candice Swanepoel, she lives the life I dream to of!

**What kind of girl would you go for if you were a man?** Me, I'm kind and caring, funny, I'll have a try at anything and don't look bad in a bikini, what more do you need :)

**If you could be in charge of Elite for a week, what would you do?** I'd have fun seeking some male models to interview and do features on.

**Is there anything unusual about you?** I don't fit my stereotype, people are surprised that I love my food; everyone assumes I eat carrot sticks and lettuce leafs. That couldn't be further from the truth haha, *McDonalds* is my best friend, I wish I had shares in it.

**What would you do if you had three wishes?**

1. I'd wish to have a successful career and future.
2. Health and happiness.
3. Oh and it would be nice to win the lottery and be able to look after my family.

**Could you beat a kangaroo in a fight?** Yeah I've done a bit of kickboxing in my time, I could beat it to a pulp in seconds ha!

**Blonde or Brunette?** Has to be blondes! No offence brunettes.

**Finally, any last words to our readers?** Hope 2012 has got off to a good start for you all and may the rest of the year bring you whatever it is you're dreaming of.

Take care and best wishes Nikki  
:) [www.nikkilittle.me.uk](http://www.nikkilittle.me.uk)

# JSKY 'E4ER' EXCLUSIVE: MADE IN CHELSEA SERIES 3

The reason why Made In Chelsea has survived alongside other local dramalities is due to our very curious nature; Chelsea is still one of those places that is very much viewed through rose tinted glasses. The pace of the show and the cinematographic links between scenes submerge viewers into a world of wealth and the drama's that follow. Series 3 portrays this further whilst introducing new characters (pictured).

The first episode of the new series opens with a lot of open questions. Caggie and Spencer's relationship? Hugo and Spencer's friendship? We get to witness one of the girls embark on an exciting internship and Jamie Laing goes to Church. An episode spilling with subtle surprises making way for an interesting series filled with tension. Make sure you tune in on Monday nights - E4, 10pm.

*Simply*

*the breast*

**Hi Kim, it's great to have you in our magazine! Tell us, what have you been up to?** Working hard and playing hard!

**Is this your first photo shoot for a magazine?** Nope.

**Who are your modeling aspirations?** Melinda Messenger because she had brains as well as boobs.

**If you could do a sexy photo shoot with any model, who'd it be?** Clare Richards... she's stunning and also a lovely girl!

**How do you prepare for a modeling shoot?** Watch what I eat and early nights before shooting, beauty sleep is a must!

**It is often said that a model should have a good personality. What personality traits do you think you have that should make you a good model?** You have to be up for a laugh and be laid back. A good personality helps you greatly in this industry, you meet a lot of people a long the way and it helps you work well together and if you can get on with each other!

**Describe the atmosphere when you're on a shoot. Do you play music? Do you talk with the photographer between shots?** Relaxed, but energetic! Generally we all have a good giggle on shoots and maybe even a bit of a dance to some tunes between shots :-)

**How would you describe your style?** Slick! Haha just kidding. I'm a bit of a geek really! Ha!

**Have you ever popped out in public?**  
Erm no I actually don't think I ever have.

**If you could be one person for the day, who would you be?** Mrs Statham... because then I'd get to spend the night with Jason ;-)

**If you could be in charge of Elite for a week, what would you do?** I'd get all the hot models together in one room and do a massive sexy shoot!

**So how can a guy impress you?** Make me laugh... a guy has to have a good sense of humour above anything else before I'd consider him as a potential haha... oh and he has to have good shoes!

**Is there anything unusual about you?**  
I'm a quarter Norwegian, is that unusual?

**What kind of girl would you go out for if you were a man?** Mila Kunis (from Black Swan) she's a little hottie!

**What would you do if you had three wishes?** 1. I'd wish to have my dad back.  
2. I'd wish for enough money to pay my mums house off.  
3. I'd wish for my fairy tale ending.

**Single or Taken?** Taken... sorry boys!

**What is the naughtiest thing you have done?** Got suspended from school on my very first day!

**What is the naughtiest thing you want to do?** There are far too many to say... I love getting up to mischief ;-)

**Have you ever kissed a girl?** Yep, most girls I know have kissed their girlies at some point.

**What's your trademark in the bedroom?**  
Biting! Grrrrr ha!

---

**What's a guaranteed  
turn on for you?**  
Spontaneous, risky sex.

Photographer: Graeme Allon

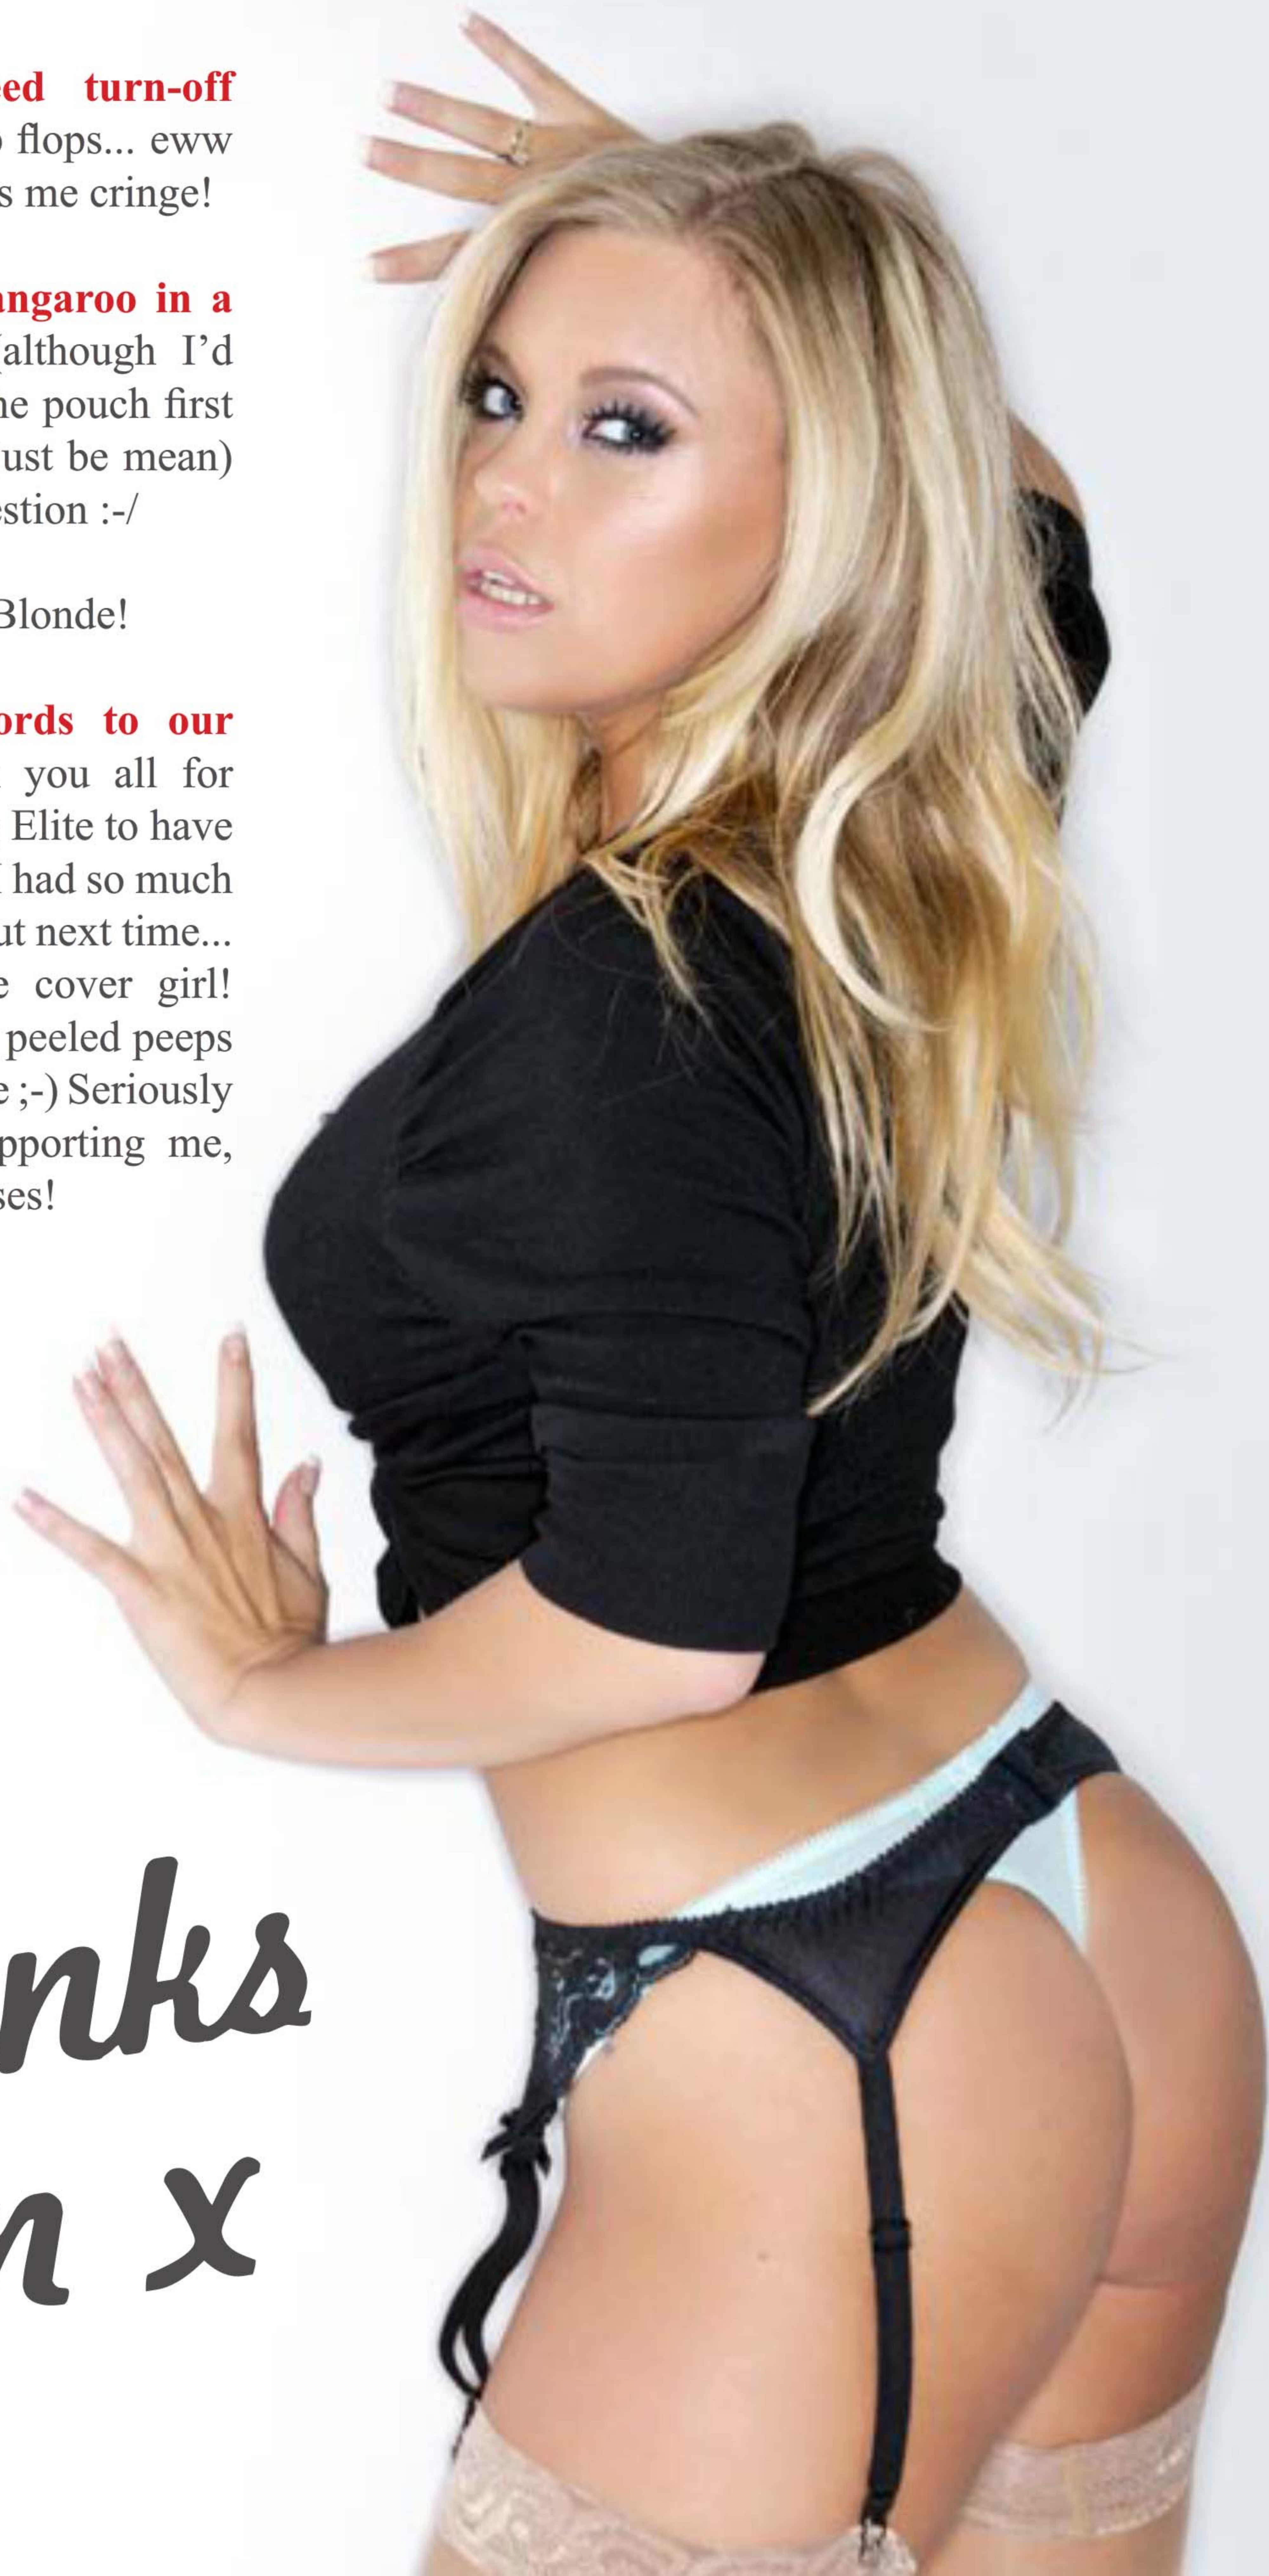

**What's a guaranteed turn-off for you?** A guy in flip flops... eww thinking about it makes me cringe!

**Could you beat a kangaroo in a fight?** Damn Right (although I'd take the baby out of the pouch first otherwise that would just be mean) ha! what a random question :-/

**Blonde or brunette?** Blonde!

**Finally, any last words to our readers?** Yes! Thank you all for reading and requesting Elite to have me in their magazine, I had so much fun doing this shoot, but next time... request me to be the cover girl! Haha! Keep your eyes peeled peeps I have lots up my sleeve ;- ) Seriously though thanks for supporting me, you guys rock, big kisses!

2. Ensure that myself and family never have money worries.  
3. Never get any older than 22 :)

**What is the naughtiest thing you have done?** Sex in public places is my personal favourite, it's always naughty and always fun!

**What's a guaranteed turn on for you?** A man who knows how to tidy up haha! Nothing better than a really tidy and clean apartment and of course a man who smells nice :)

Threads**

# Push your look into Spring/Summer

Here's the second instalment from the guys here at Northern Threads (if you didn't read the first then catch up in issue 26) and we'll start by thanking all those who entered our Cruyff Trainers competition, we've had a lot of entries but if you still haven't entered don't worry you have until April 14th to enter. For our second feature, we thought we'd give you a few outfit ideas now that the weather is getting warmer.

That time of year is upon us, yes the winter warmers have been pushed firmly into the back of the wardrobe and suddenly you realise all you have for the spring/summer is a shabby old t-shirt and a pair of shorts with holes in them. Time for a spring clean of your wardrobe? No worries – we're here to help.

The brands we stock have put out some extremely eye-catching pieces for the new season, so what better time to pick out a few choice pieces from popular brands. We've catered for a wide range of looks because, let's be honest, you can never fully depend on it being blazing sunshine the whole time. So here you'll find the polo shirts, shorts and tees you'd expect, alongside jeans and light jackets for when there's a bite in the air or it's raining.

In the past few months you've kind of been able to get away with a few fashion errors by hiding them underneath layers but in the sun there's no hiding – we wear less so what we do wear gathers more attention. So make sure you make the right choices and you'll have a summer to remember.

The pieces we've pulled out for our first look are from a much-loved brand here at Northern Threads HQ, Penfield. As you may already know, they started out in 1975 in Massachusetts, largely specialising in outdoor wear for the sometimes harsh New England

climate, however now they're a brand who produces clothes for every occasion. The Rochester jacket seen here is designed to handle any climate and looks excellent when worn with the Barnes Stripe shirt.

A favourite for most are the consistently impressive ranges put out by Lyle and Scott each season. Take these fresh polos for an example of an easy yet effective way to look the part, we've matched them up with Luke 1977 chino shorts and Lyle and Scott

espadrilles. A well-picked polo shirt is a very coy choice as they have the ability to look both smart and casual. It's worth pointing out that chino shorts are going to be huge this summer and it's hard to find a better pair than these from Luke 1977.

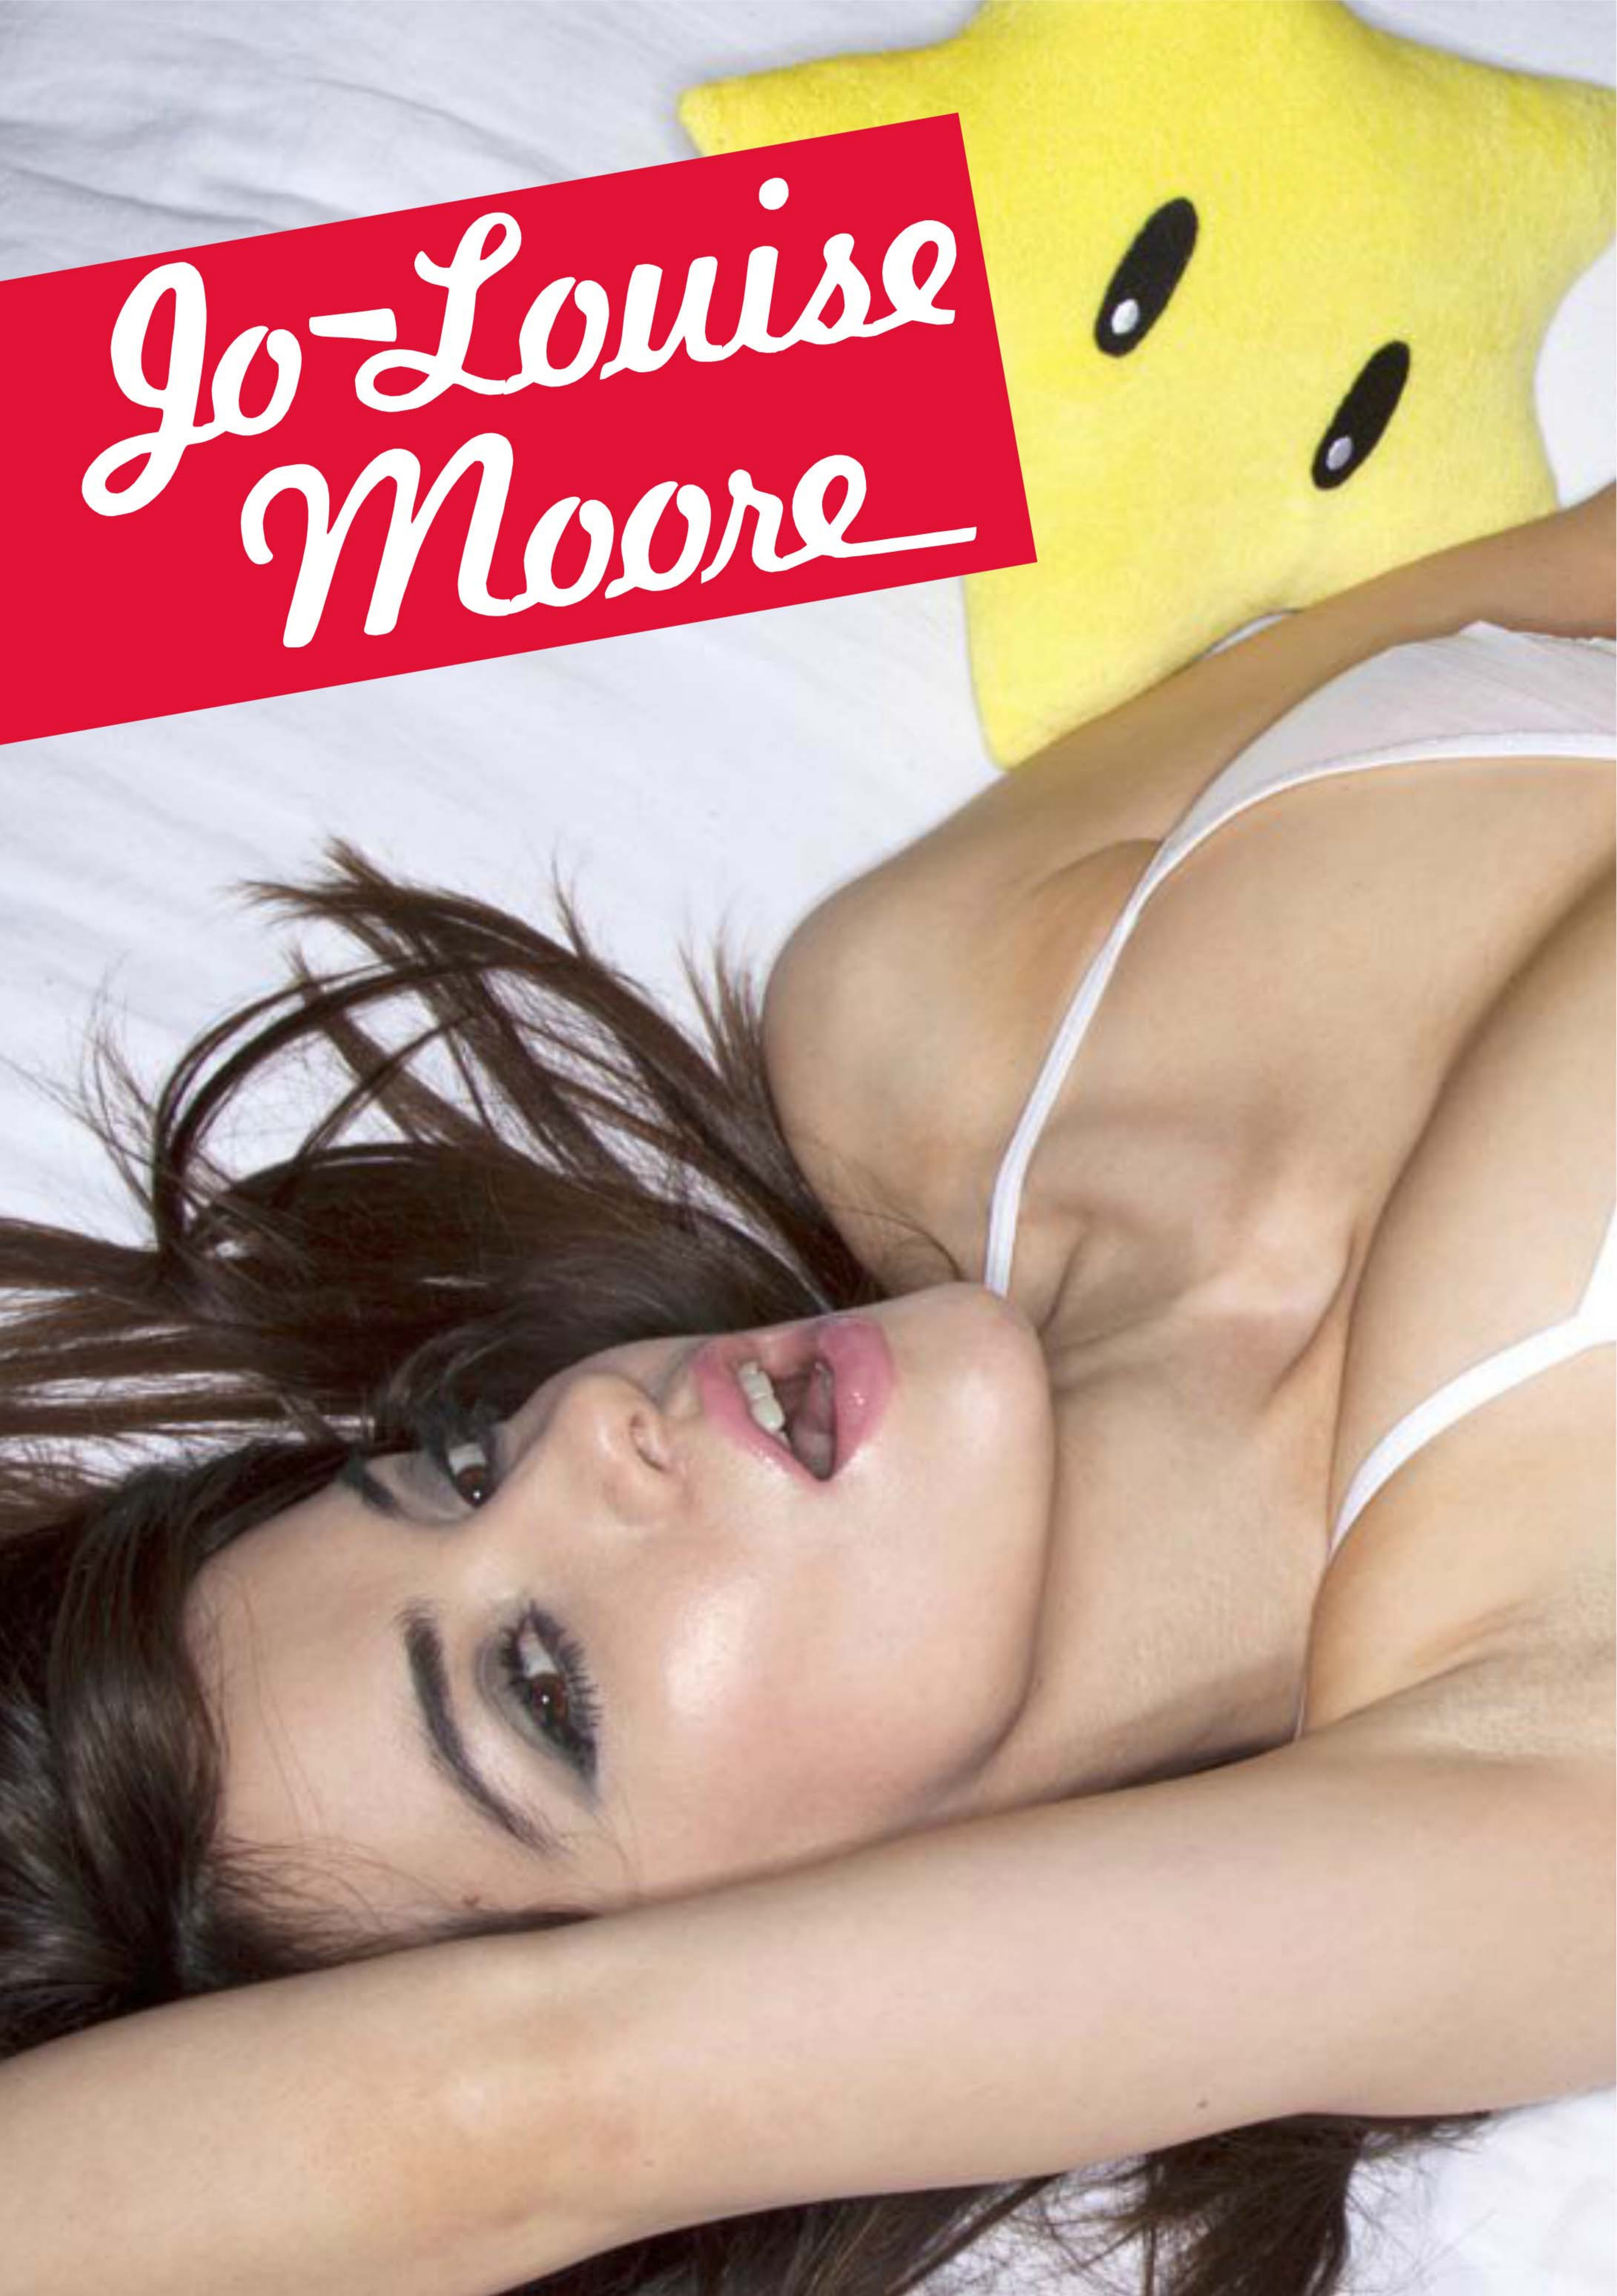

Inject a bit of rock and roll into your outfit choices with an exciting new brand we're stocking, Eleven Paris. Go-Louise  
Moore

*The gorgeous  
Go tells us  
what pushes  
her buttons*

**Hi Jo Louise, it's great to have you in the magazine! Tell us a bit about yourself, where you're from and how you could started in the modeling industry? Thanks!** I'm from the sunny seaside town of Bournemouth and have been modelling for just over two and a half years. I started doing little part time bits while at college and now I am very lucky enough to have it as my full time job.

I started off really by sending a pic into *Nuts Magazine* way back when I first started, they entered me into a Bedroom Babes competition, I didn't think anything of it as never thought I'd get anywhere, but then won the comp and got a paid 2 page feature. Then I saw a casting for *Playboy Magazine*, and went to do a quick 10 minute test shoot with the Legend Byron Newman, and he sent the pics off to the wditors in Chicago. The pics get judged by a panel of 4-5 people for the magazine, they came back the same day and said yes! Not so long after, I was shooting my first publication ever, for *Playboy*! It was mad. Everything else from there just followed on really.

**So you have traveled a lot with your modeling, where has been your favourite place to go so far?** Florida and Miami without a doubt!

Photographer: Kaden Cruz

**If you could be one person for the day, who would you be? *A Victoria Secret Model!* Or Vikki Blows...**

**How would you describe your style?** Very girl-next-door, trendy but casual, I like to get dressed up sexier and put on a little dress and killer heels when I'm out partying with friends though :)

---

**What has been your favourite modeling project so far?** Modelling for *Maxim*! I've had 2 big features in *Maxim En Espanol* so far and going to be the cover girl later this year, June I think! So shooting for *Mazim* and now soon to be a *Maxim* cover girl has definitely got to of be my favourite modelling project.

I also won Miss Fast Car in 2010/2011 so that was a massive achievement to win that competiton out of hundreds of girls that applied, and then survive 6 months of elimination rounds eek! And to be their contracted Fast Car Model for the year.

---

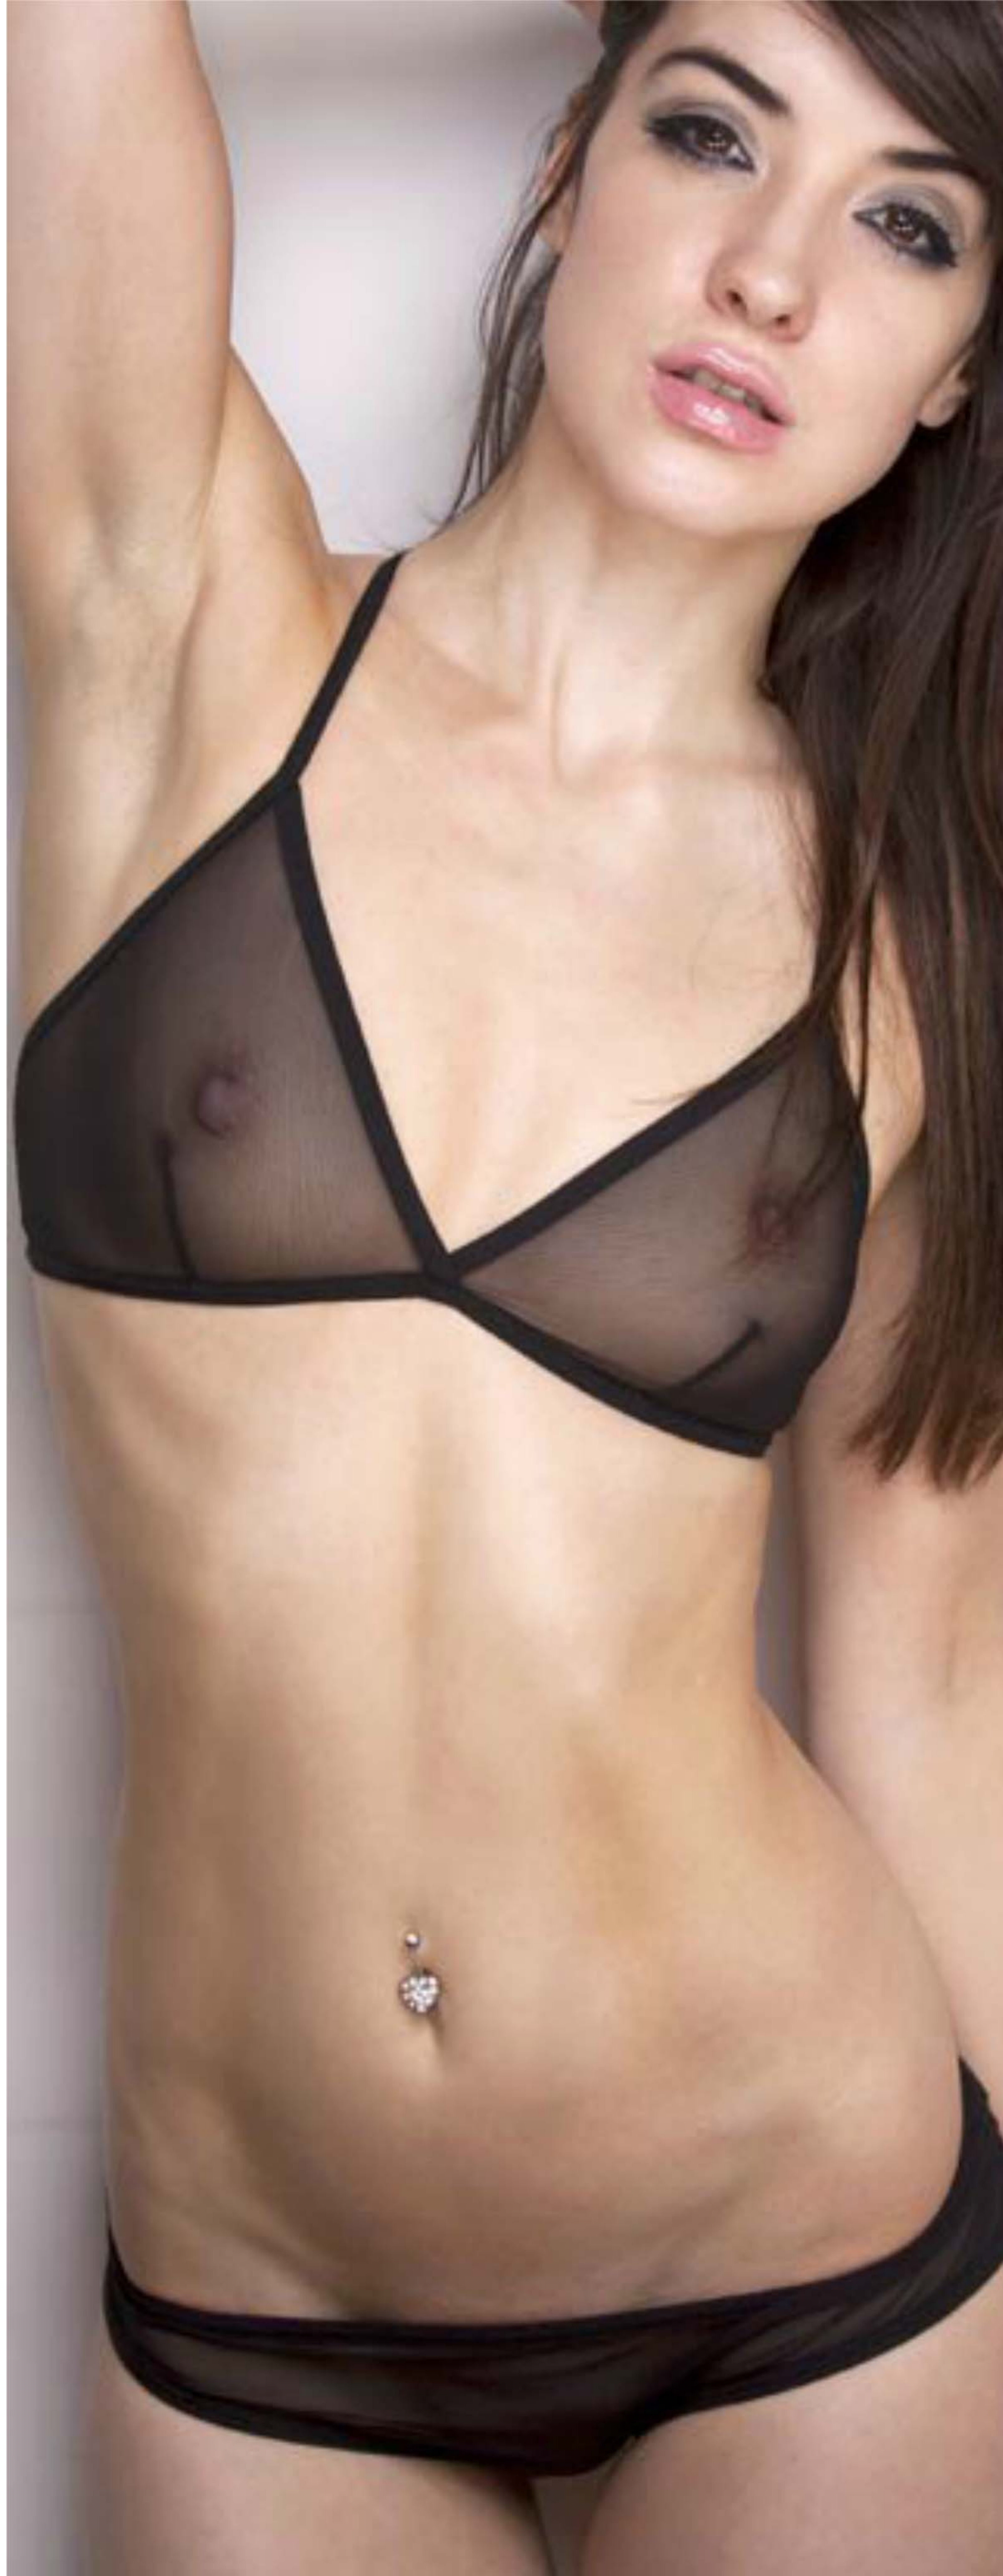

**Out of all of the photos the photographer took of you, which is your favorite and why?** Haha, oh there are too many photos I love and have for different reasons, so I don't really have just one favorite photo..

I have worked a couple of times with an exceptionally talented photographer in London called Anna Fowler. I absolutely love her work of me just because she is just really lovely to work with, but has a great eye for getting stunning results. She mainly shoots natural light but she just has such a talent for what she does. She is definitely one of my favourites as she just brings out your natural beauty.

My favourite photographer would be Kaden Cruz, he's been a bit quiet on the scene lately as he has been very busy doing various different projects behind the scenes, and now some fashion and lingerie bits and pieces. But I worked with him since I first started modeling and it was his images of me that got me noticed, and recently into Maxim and so on. He is just awesome.

**How do you prepare for a modeling shoot?** I drink lots of extra water just to give my skin an extra glow, have a facial, nails all done etc, just to make sure I'm in tip top condition a few days before... boring I know, but you gotta take care of yourself haha.

Photographer: Kaden Cruz

A person is lying down, wearing white lace underwear. In the foreground, they are holding a colorful toy character that looks like a penguin or a bird with a yellow beak, large eyes, and red wheels. The background is a white, textured surface.

**It is often said that a model should have a good personality. What personality traits do you think you have that should make you a good model?** Everyone just says I'm really down to earth and friendly, so I agree haha. I think that it's really important to be liked and to be someone that people can get on with, and not just be fake and bitchy... I don't like bitchy people so I tend to stay away from people who are just negative.

**Outside of modeling, do you have any other passions?** Well I used to do a lot of dance... Street, Contemporary etc, so dance is a big passion of mine. I also obviously love shopping, getting pampered, having a good workout sesh in them gym.

**If you could be in charge of Elite for a week, what would you do?** Book all the models that had been in *Elite* and the *Elite* Team on a hot exotic location somewhere for a week!

**So how can a guy impress you?** Just be himself, genuine, have a good sense of humour, smell nice, and have a nice smile, eyes and personaility.

**Is there anything unusual about you?** I'm half Spanish.

**What kind of girl would you go out for if you were a man?** Vikki Blows.

**What would you do if you had three wishes?** Become a Millionaire, live abroad and go on a world tour for 6 months.

**What is the naughtiest thing you have done?** Played knock a door run :P

**What is the naughtiest thing you want to do?** That's a secret!

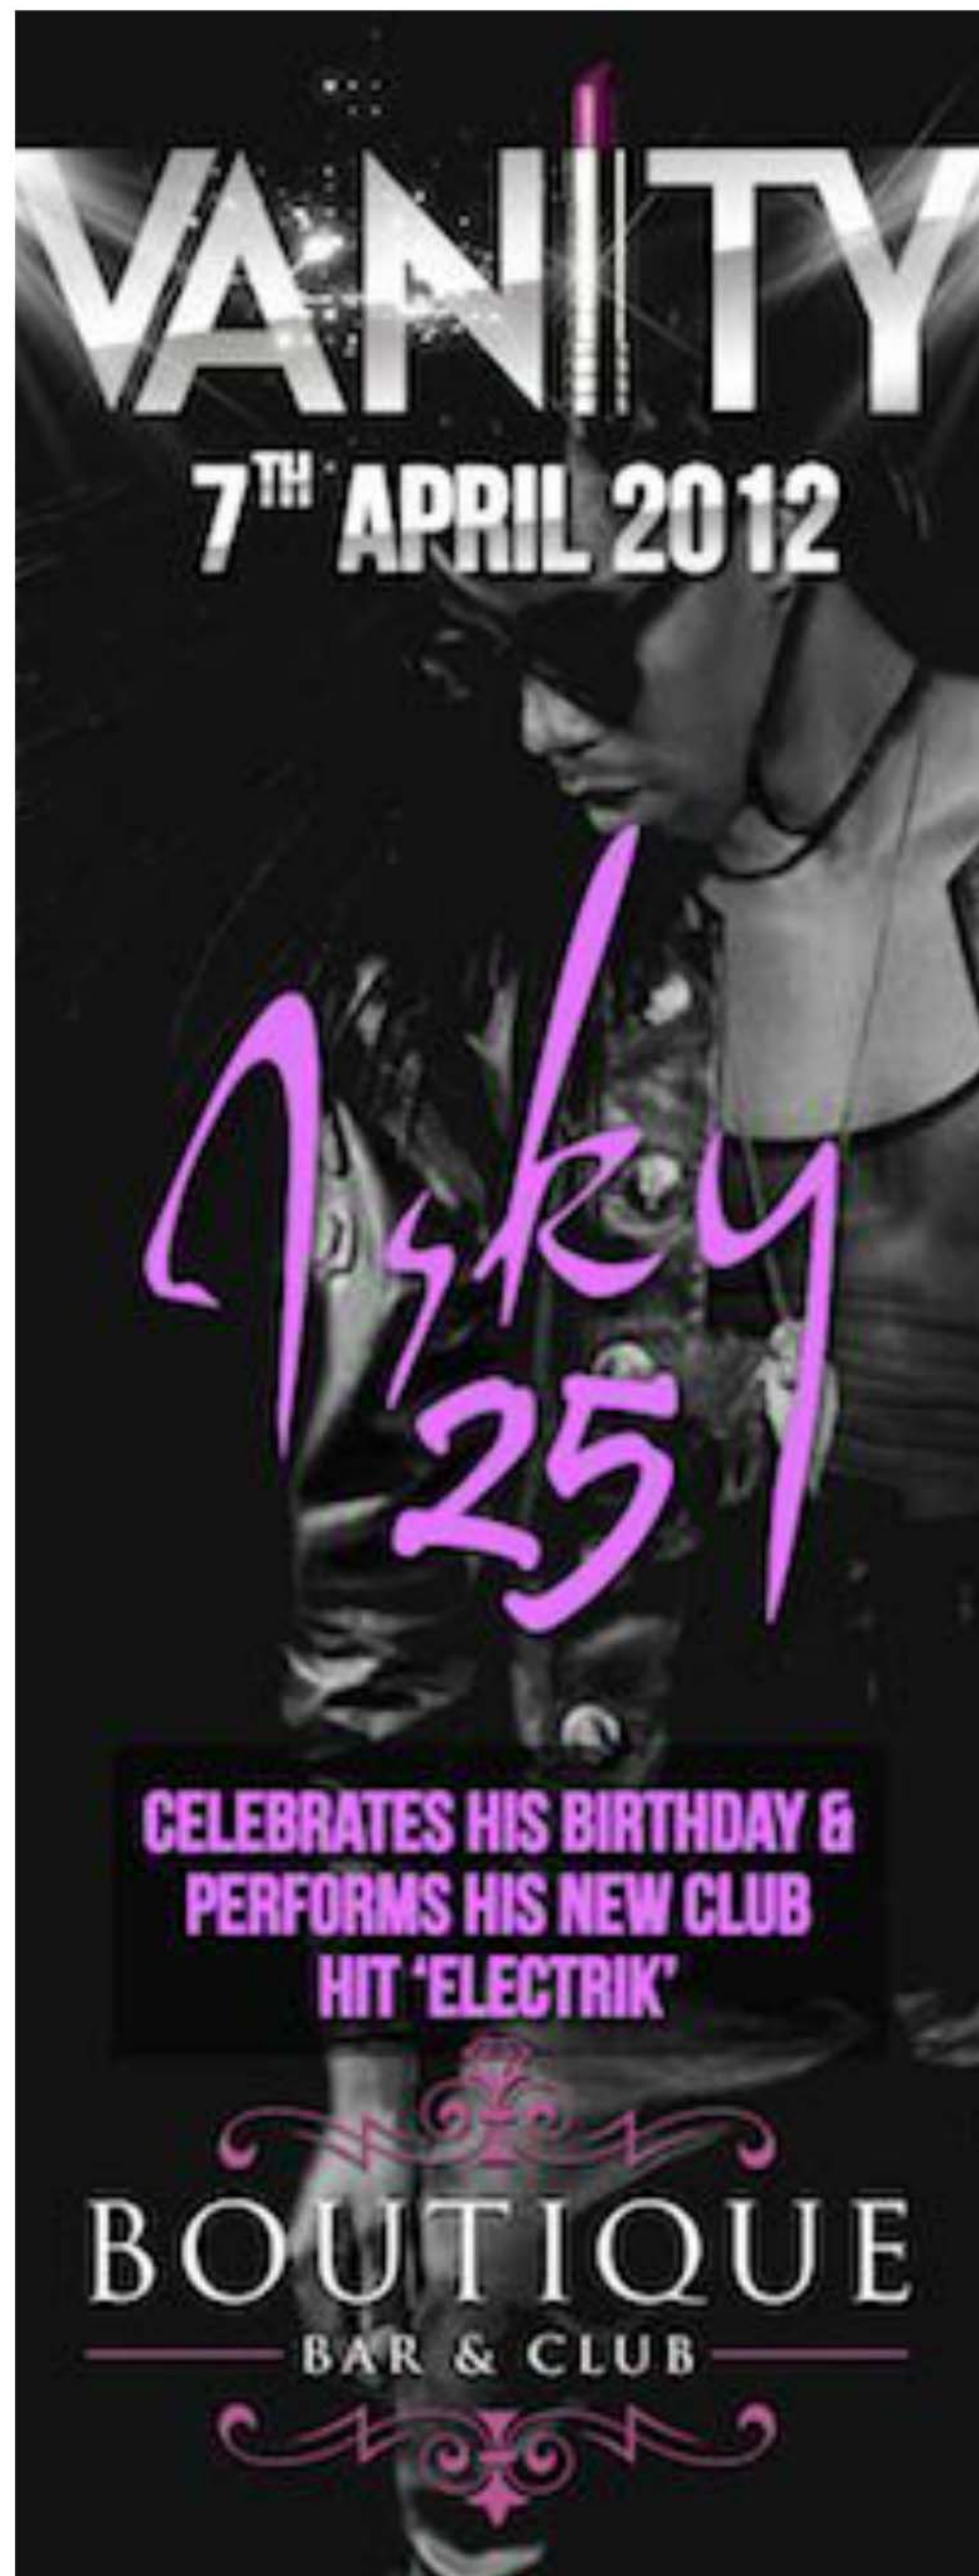

**What's a guaranteed turn on for you?** My boyfriend :D

*Welcome To The Jungle*  
*...with* **Eve**

**Hi Eve, it's great to have you in our magazine! Tell us, what have you been up to?** Thank you for having me! Well I've only recently returned to the fabulous world of modelling from roughly a three year break, so I'm slowly getting back in to the swing of things, I've only ever done it as a hobby, but it's a hobby that I've missed, so I'm pleased to be back.

**Is this your first photo shoot for a magazine?** Yes, it's my first of many I hope.

**Who are your modeling aspirations?** I just want to embrace every opportunity that's put my way and make the most of things and have some fun. I would like to collaborate with Jay Mawson too, love his work!

**What are your best assets?** Hmm, I'm not too sure to be honest. I don't think I have anything that would warrant being called an asset! I am keen on my bum though...

**If you could do a sexy photo shoot with any model, who'd it be?** As daft as it may sound I think working with Jodie Marsh would be a scream. I know she's not everyone's cup of tea, but she does seem to have a wicked sense of humour and cool tattoo's too.

**How do you prepare for a modelling shoot?** I like to look after myself, so I don't do anything extra to my normal routine really. I like to keep in shape and try to go to the gym at least 3 times a week. I love to keep my hair & nails looking groomed and glam and I feel ill if I don't have a bit of a tan! Pretty low maintenance really... haha.

**It is often said that a model should have a good personality. What personality traits do you think you have that should make you a good model?** I'm just myself; I have a bit of a daft personality and don't take myself too seriously. There are so many girls in this industry that have the wrong approach, just be yourself and try not to get too wrapped up in it. Life's too short to be too serious!

**Describe the atmosphere when you're on a shoot. Do you play music? Do you talk with the photographer between shots?** I probably don't stop talking... Music is a must & a cup of tea or two doesn't go a miss either.

**How would you describe your style?**

Edgy with a hint of sex appeal I would say.

**If you could be one person for the day, who would you be?** I'm happy just being me.

**If you could be in charge of Elite for a week, what would you do?** Make it one big magazine devoted to me! haha.

**So how can a guy impress you?** Only one guy impresses me, my guy...

**Is there anything unusual about you?**

Nothing unusul, I have my tongue pierced & a tattoo on my ribs, but that's pretty standard these days isn't it?

**What kind of girl would you go out for if you were a man?** I have a bit of a girly

crush on Megan Fox, so it would have to be someone like that, sexy, but not trashy.

**What would you do if you had three wishes?** Wish for more wishes would be the first...

**What is the naughtiest thing you have done?** Me, naughty? Never haha.

**Could you beat a kangaroo in a fight?**

Surprisingly enough that's something that's never crossed my mind before.

Hmm, possibly if it was a small Kangaroo!

**Blonde or brunette?** Silly question... Brunette

**Finally, any last words to our readers?**

Thanks for reading... :) haha (Oh how original).

# Reveals All

*We catch up with the girl  
that is going places*

**Hi Rudi, it's great to have you in the magazine! Tell us a bit about yourself, where you're from and how you could started in the modeling industry?**

Hi Elite! My Name's Rudigo, I'm an alternative model from sunny England. I live just outside of Manchester with my pug Sidney. How I originally got into the modelling industry was pretty crazy, I was spotted by a model scout walking through Picadilly Station, I of course thought it was some sort of a scam, as I'm a tiny 5'0 but it all turned out to be legit and they sent me to my first photoshoot. I was instantly hooked and started looking for an alternative agency to represent me,

shortly after I was signed to *Dark Arts* and *Spirit Model Management* and I haven't stopped since!

**So you have traveled a lot with your modeling, where has been your favourite place to go so far?** So far I would say London, I just love shooting down there and soon I will hopefully be relocating there permanently, so I will need to make me some new friends!

**How would you describe your style?** I would say a modern day Jessica Rabbit. A bit of a grown up goth and a whole load of avant garde!

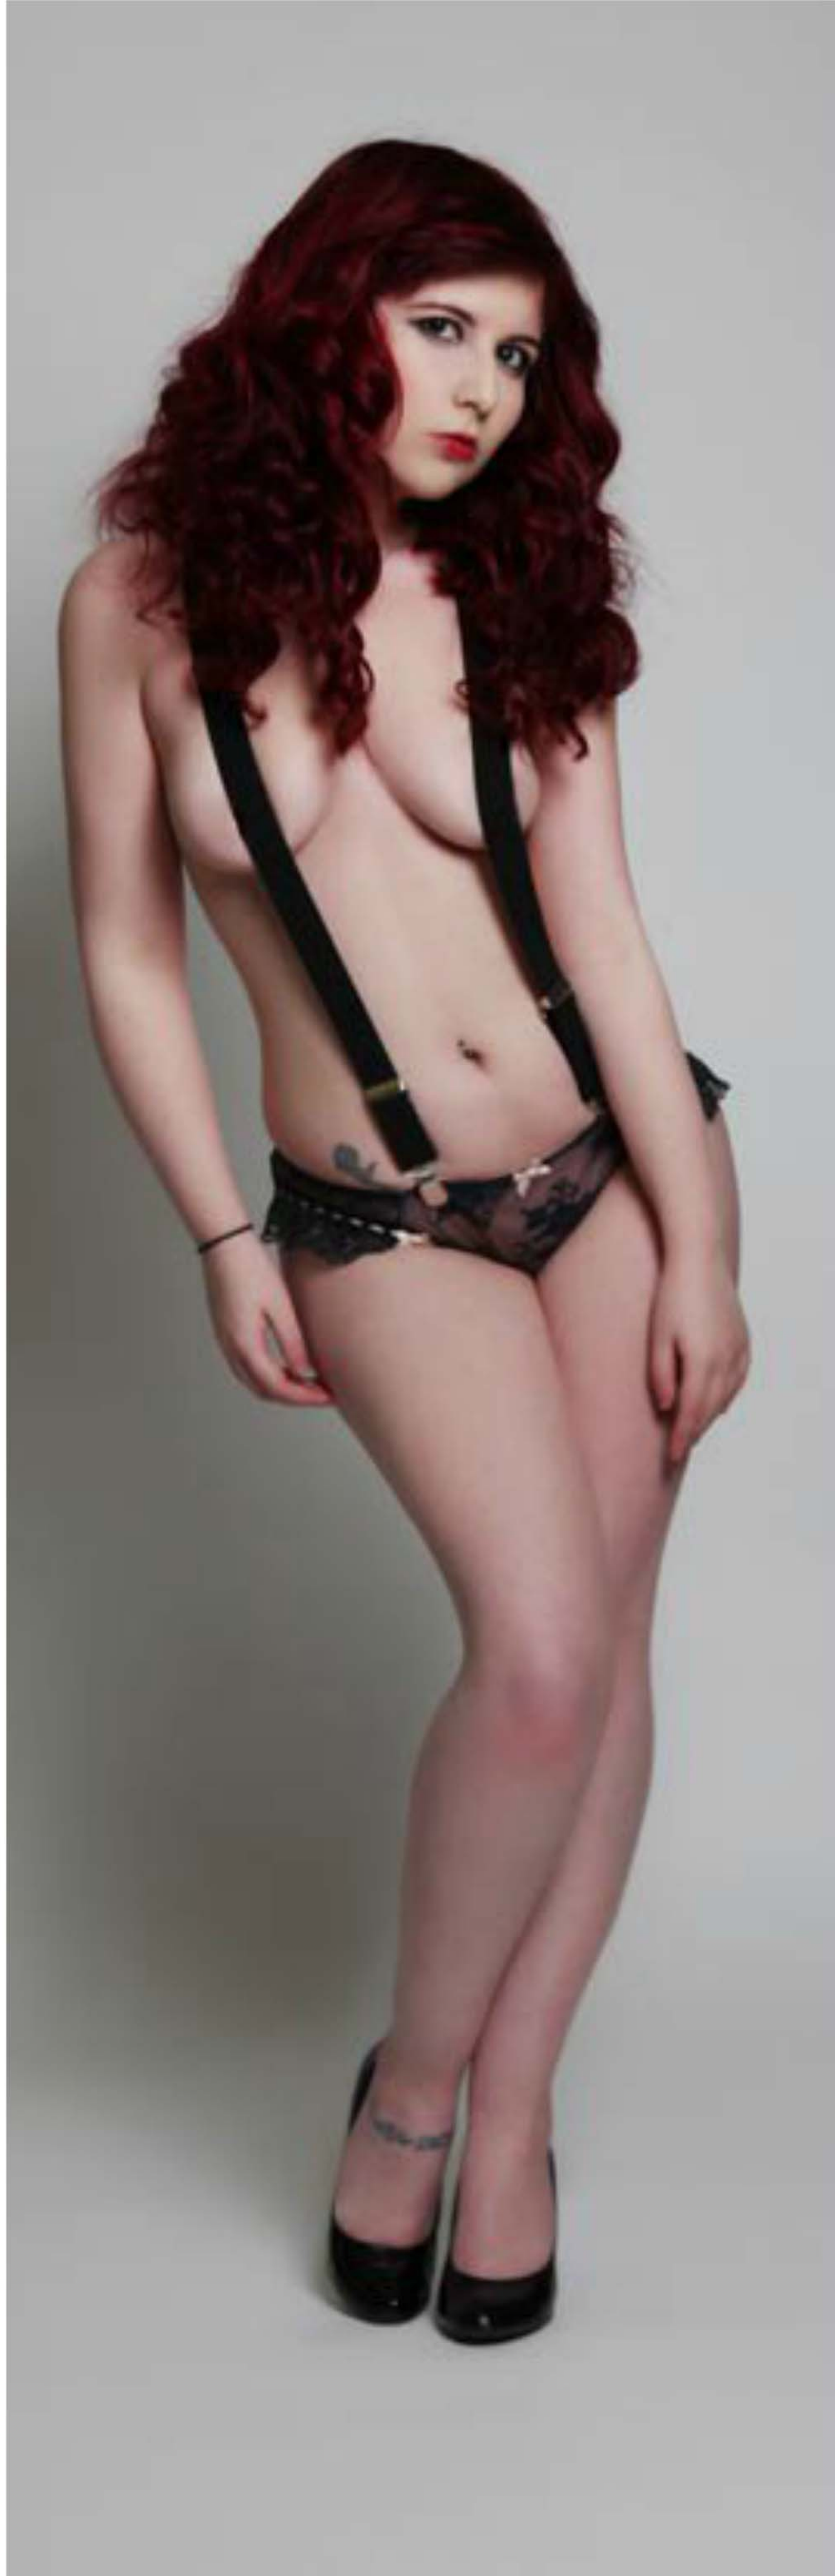

**What has been your favourite modeling project so far?** Well currently I have been collaborating with a few designers to make exclusive ranges which has been really exciting. The most exciting projects are still to come, so watch this space!

**Out of all of the photos the photographer took of you, which is your favourite and why?** Oh that's a difficult one, this is my favourite shoot so far. Lucy Sharratt (photographer) is one of my favourite photographers to collaborate with, we have even joined forces to create a joint collaboration Billet Doux which launched early this year and we have lots of exciting things coming your way!

**How do you prepare for a modeling shoot?** I don't have any pre photoshoot rituals but I pack everything needed the night before, dye my hair, shower, moisturise and in the morning, I review the modelling brief and get some posing practice in before I leave for the shoot.

**It is often said that a model should have a good personality. What personality traits do you think you have that should make you a good model?** I am extremely sociable, I'm confident and I love making people laugh. I am not afraid to look silly in front of a camera and to try new things.

**What's your favourite outfit that you have worn for a shoot?** Latex, I absolutely love modelling for latex designers, there is nothing quite like it. My favourite outfit I have modelled was this beautiful long red 1950's latex dress by *Pandora Deluxe Latex*, I wished I could have kept it.

**Outside of modeling, do you have any other passions?** When I am not modelling I love to draw and paint, I can spend hours and hours just creating.

**If you could be one person for the day, who would you be?** I wouldn't really want to be anyone else I am happy being myself although I wouldn't mind a day in the life of Johnny Depp just to see what he looked like naked!

**If you could be in charge of Elite for a week, what would you do?** I would release the 'RUDIGO ISSUE' haha no I'm kidding I would probably just drool at all the images models were sending in and take full advantage and attend as many gigs and events as I could!

**So how can a guy impress you?** Well I am a hopeless romantic, I'm a sucker for cheesy over the top cliché's and surprises. You could also take me to a local rock gig or to see a horror movie I love laid back dates.

**Is there anything unusual about you?** Well my pupils don't dilate so I constantly look like an alien or worse that I'm on drugs. Other than that I have a huge collection of cheesy horror, rape and revenge and video nasties I just cant get enough of them.

**What kind of girl would you go out for if you were a man?** I would go for a girl with curves, back dimples and freckles so sexy! Or just leave me alone with alternative models such as Mosh, Arabella or Vicki Blows.

**What is the naughtiest thing you have done?** That would be in my first year of University me and all my flat mates (there was 15 of us!) got really drunk one night and me and all the boys decided to streak around the block, the only thing we forgot about was the security cams, all my vitals were caught on the cameras surrounding our flat.

**What's a guaranteed turn on for you?** I have a big thing for musicians their is nothing sexier than a boy who is passionate about creating music. Also rocker boys the more tattoos the better!

**Have you ever kissed a girl?** I have indeed.

**Anything else you'd like to say?** I would just like to say a big thank you to you guys over at *Elite Magazine* for featuring me! Also, a big thank you for all the people who continue to support me, I couldn't do it without you guys!

*Love Rudi*

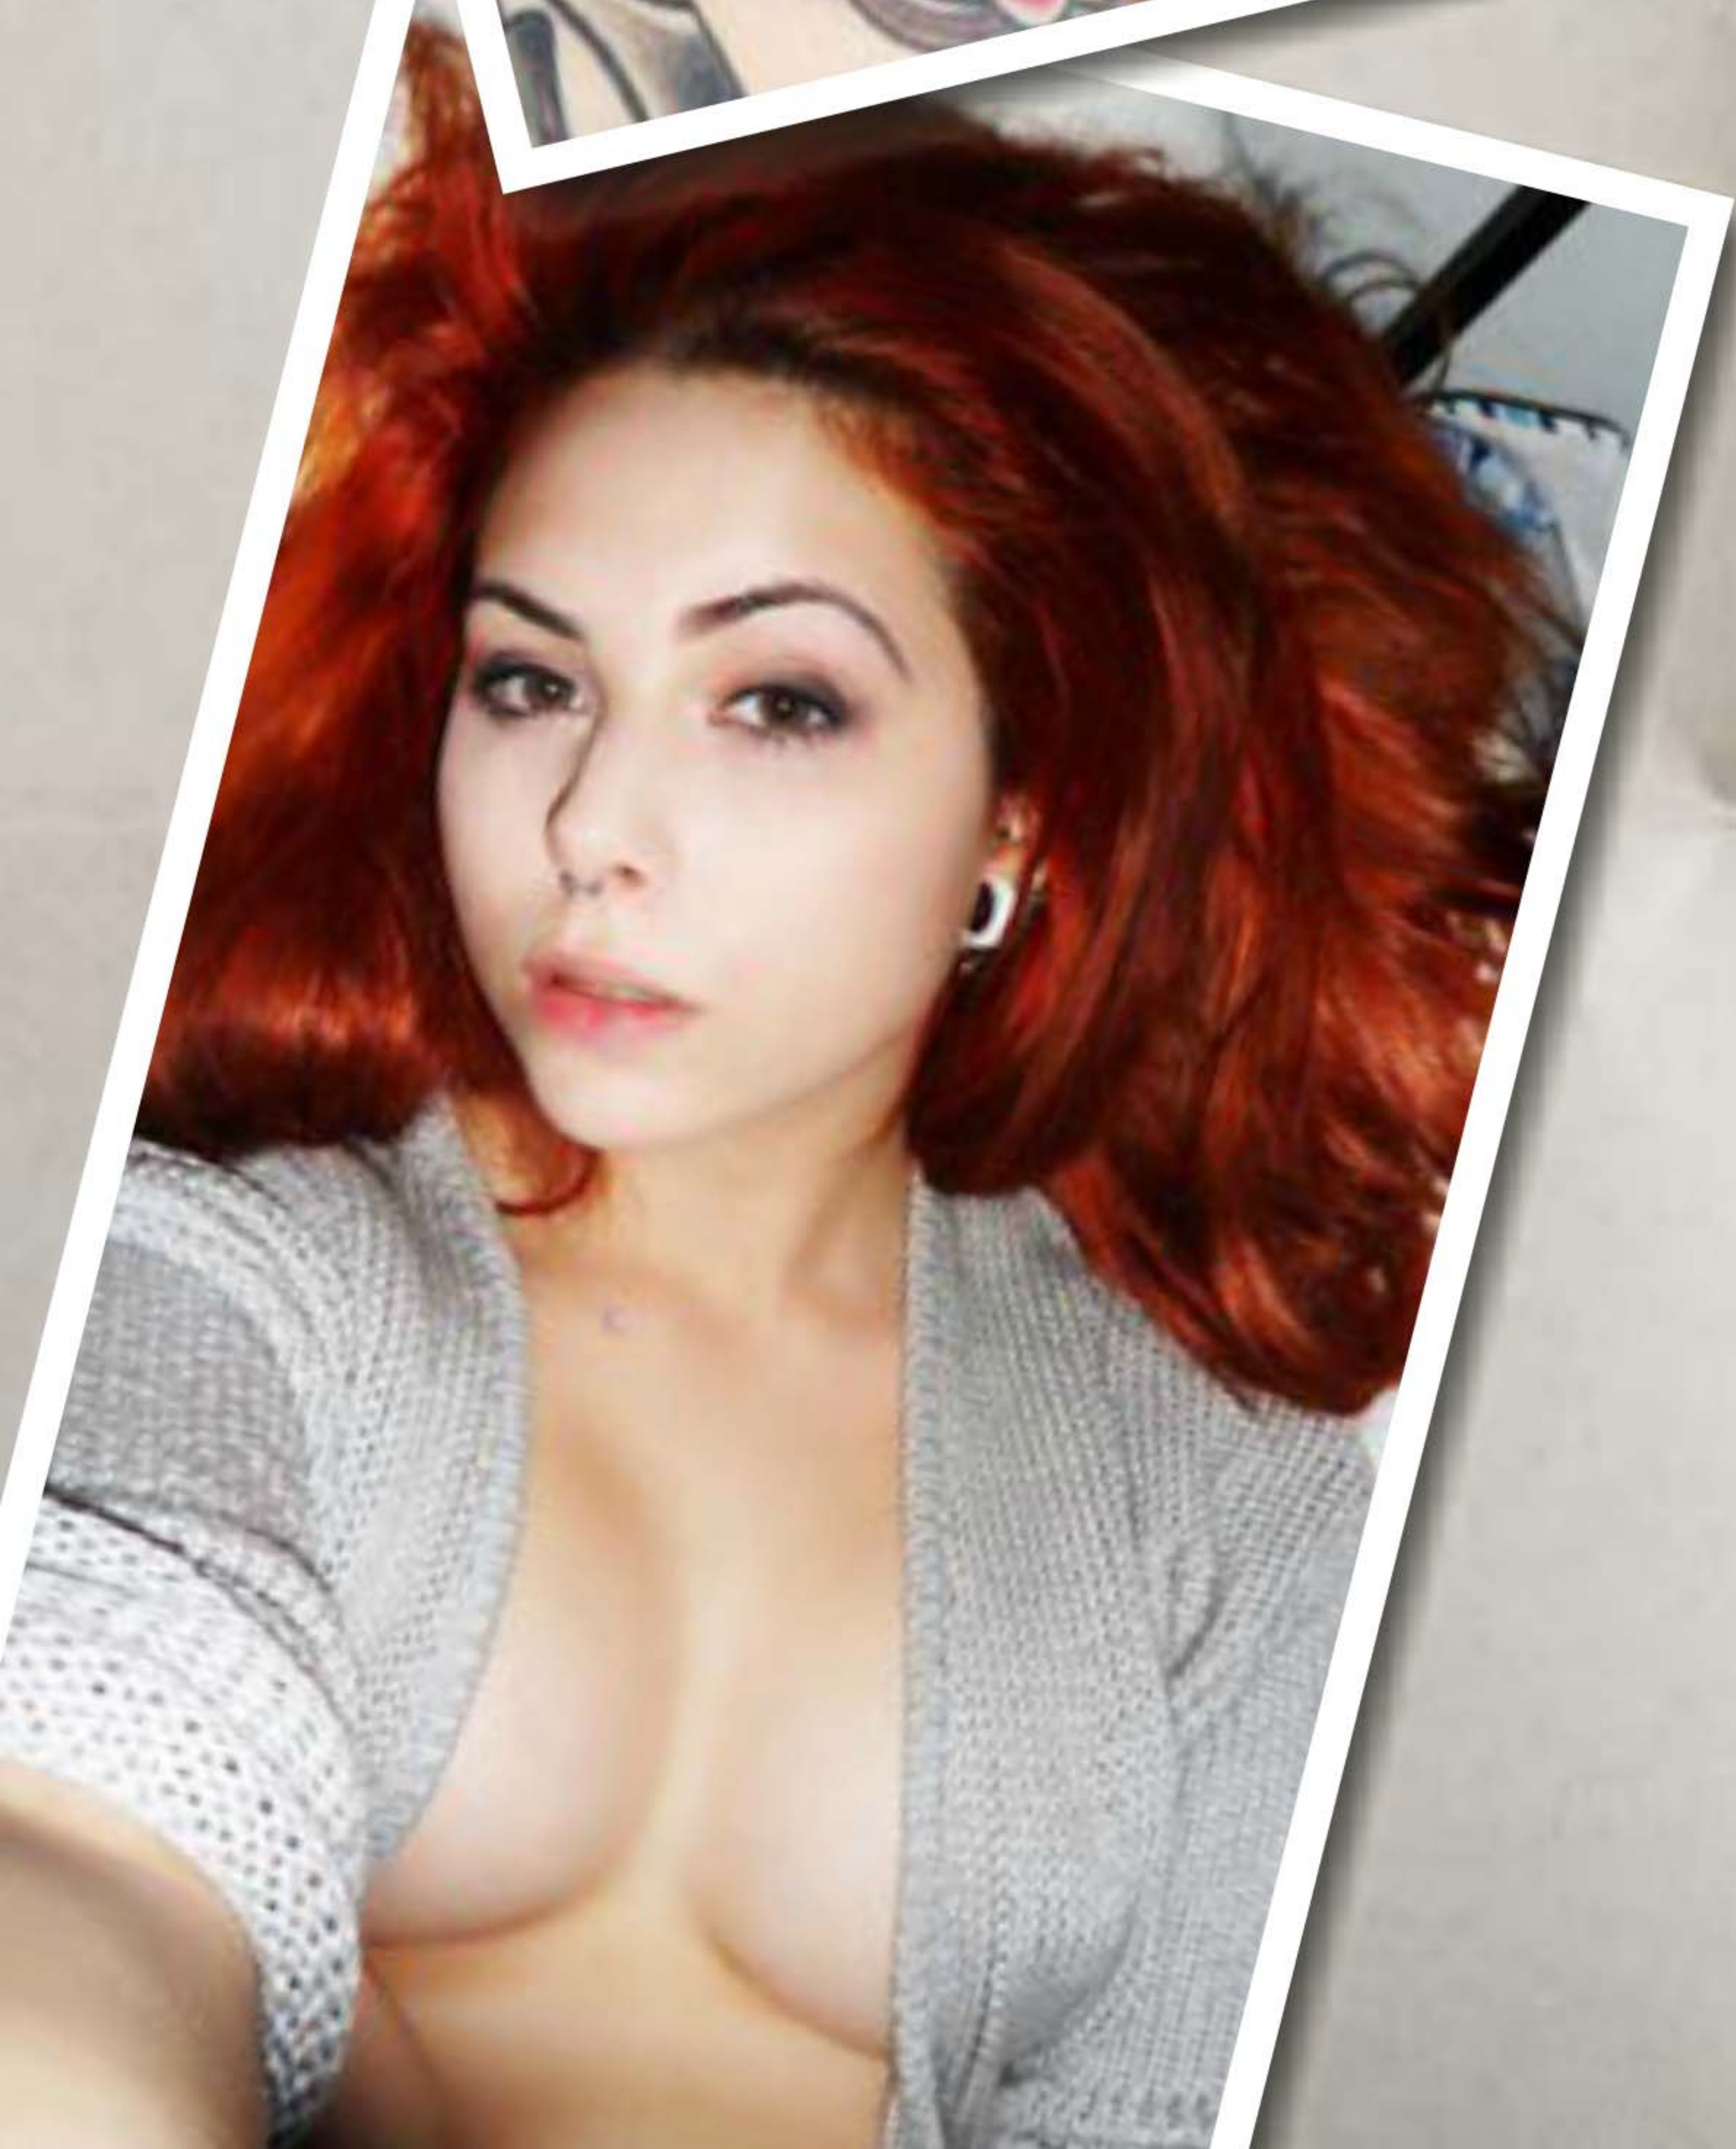

# Homemade Hottie: Madeleine!

**Tell us a bit about yourself:** I am a small, tattooed hairdresser/nail technician who models on the side to fund tattoos. I also spend too much time with my cat who seems to either think I'm a cat or he's a person.

**How did you get in to this?** My sister is a tomboy who was never happy with her hair so I got into doing hair because I was always doing hers; I then specialised in hair extensions, which is all I really do in regards to hair now as I am so busy doing UV gel and acrylic nails. I just love making people feel and look beautiful!

**Who would you marry, kiss and avoid?** Marry: Johnny Depp. Kiss: Johnny Depp. Avoid: Johnny Depp's girlfriend.

**If you could eat one food for the rest of your life what would it be?** Ham salad sub roll from *Greggs*. Or bacon and leek quiches...but only from *Tesco*!

**Can you remember your first shoot and what it was like?** My first real shoot was for my friends Uni project, in the middle of a cold daffodil field in Norwich; the title of the shoot was 'Fear of Open Spaces' and I had to stay inside a vintage suitcase for about 3 hours. The photos are awesome though!

**Your best and worst experiences so far?** Worst experience: when my hair fell out when I was 15. It was my own fault, which is why I cried that much harder knowing I couldn't blame anyone else but myself. Although, it is true when they say all things happen for a reason: my hair falling out drove me to learn everything about hair extensions so I could help other people who suffer from hair loss. Best experience: Every day the world works in my favour (the universe is out to get me)

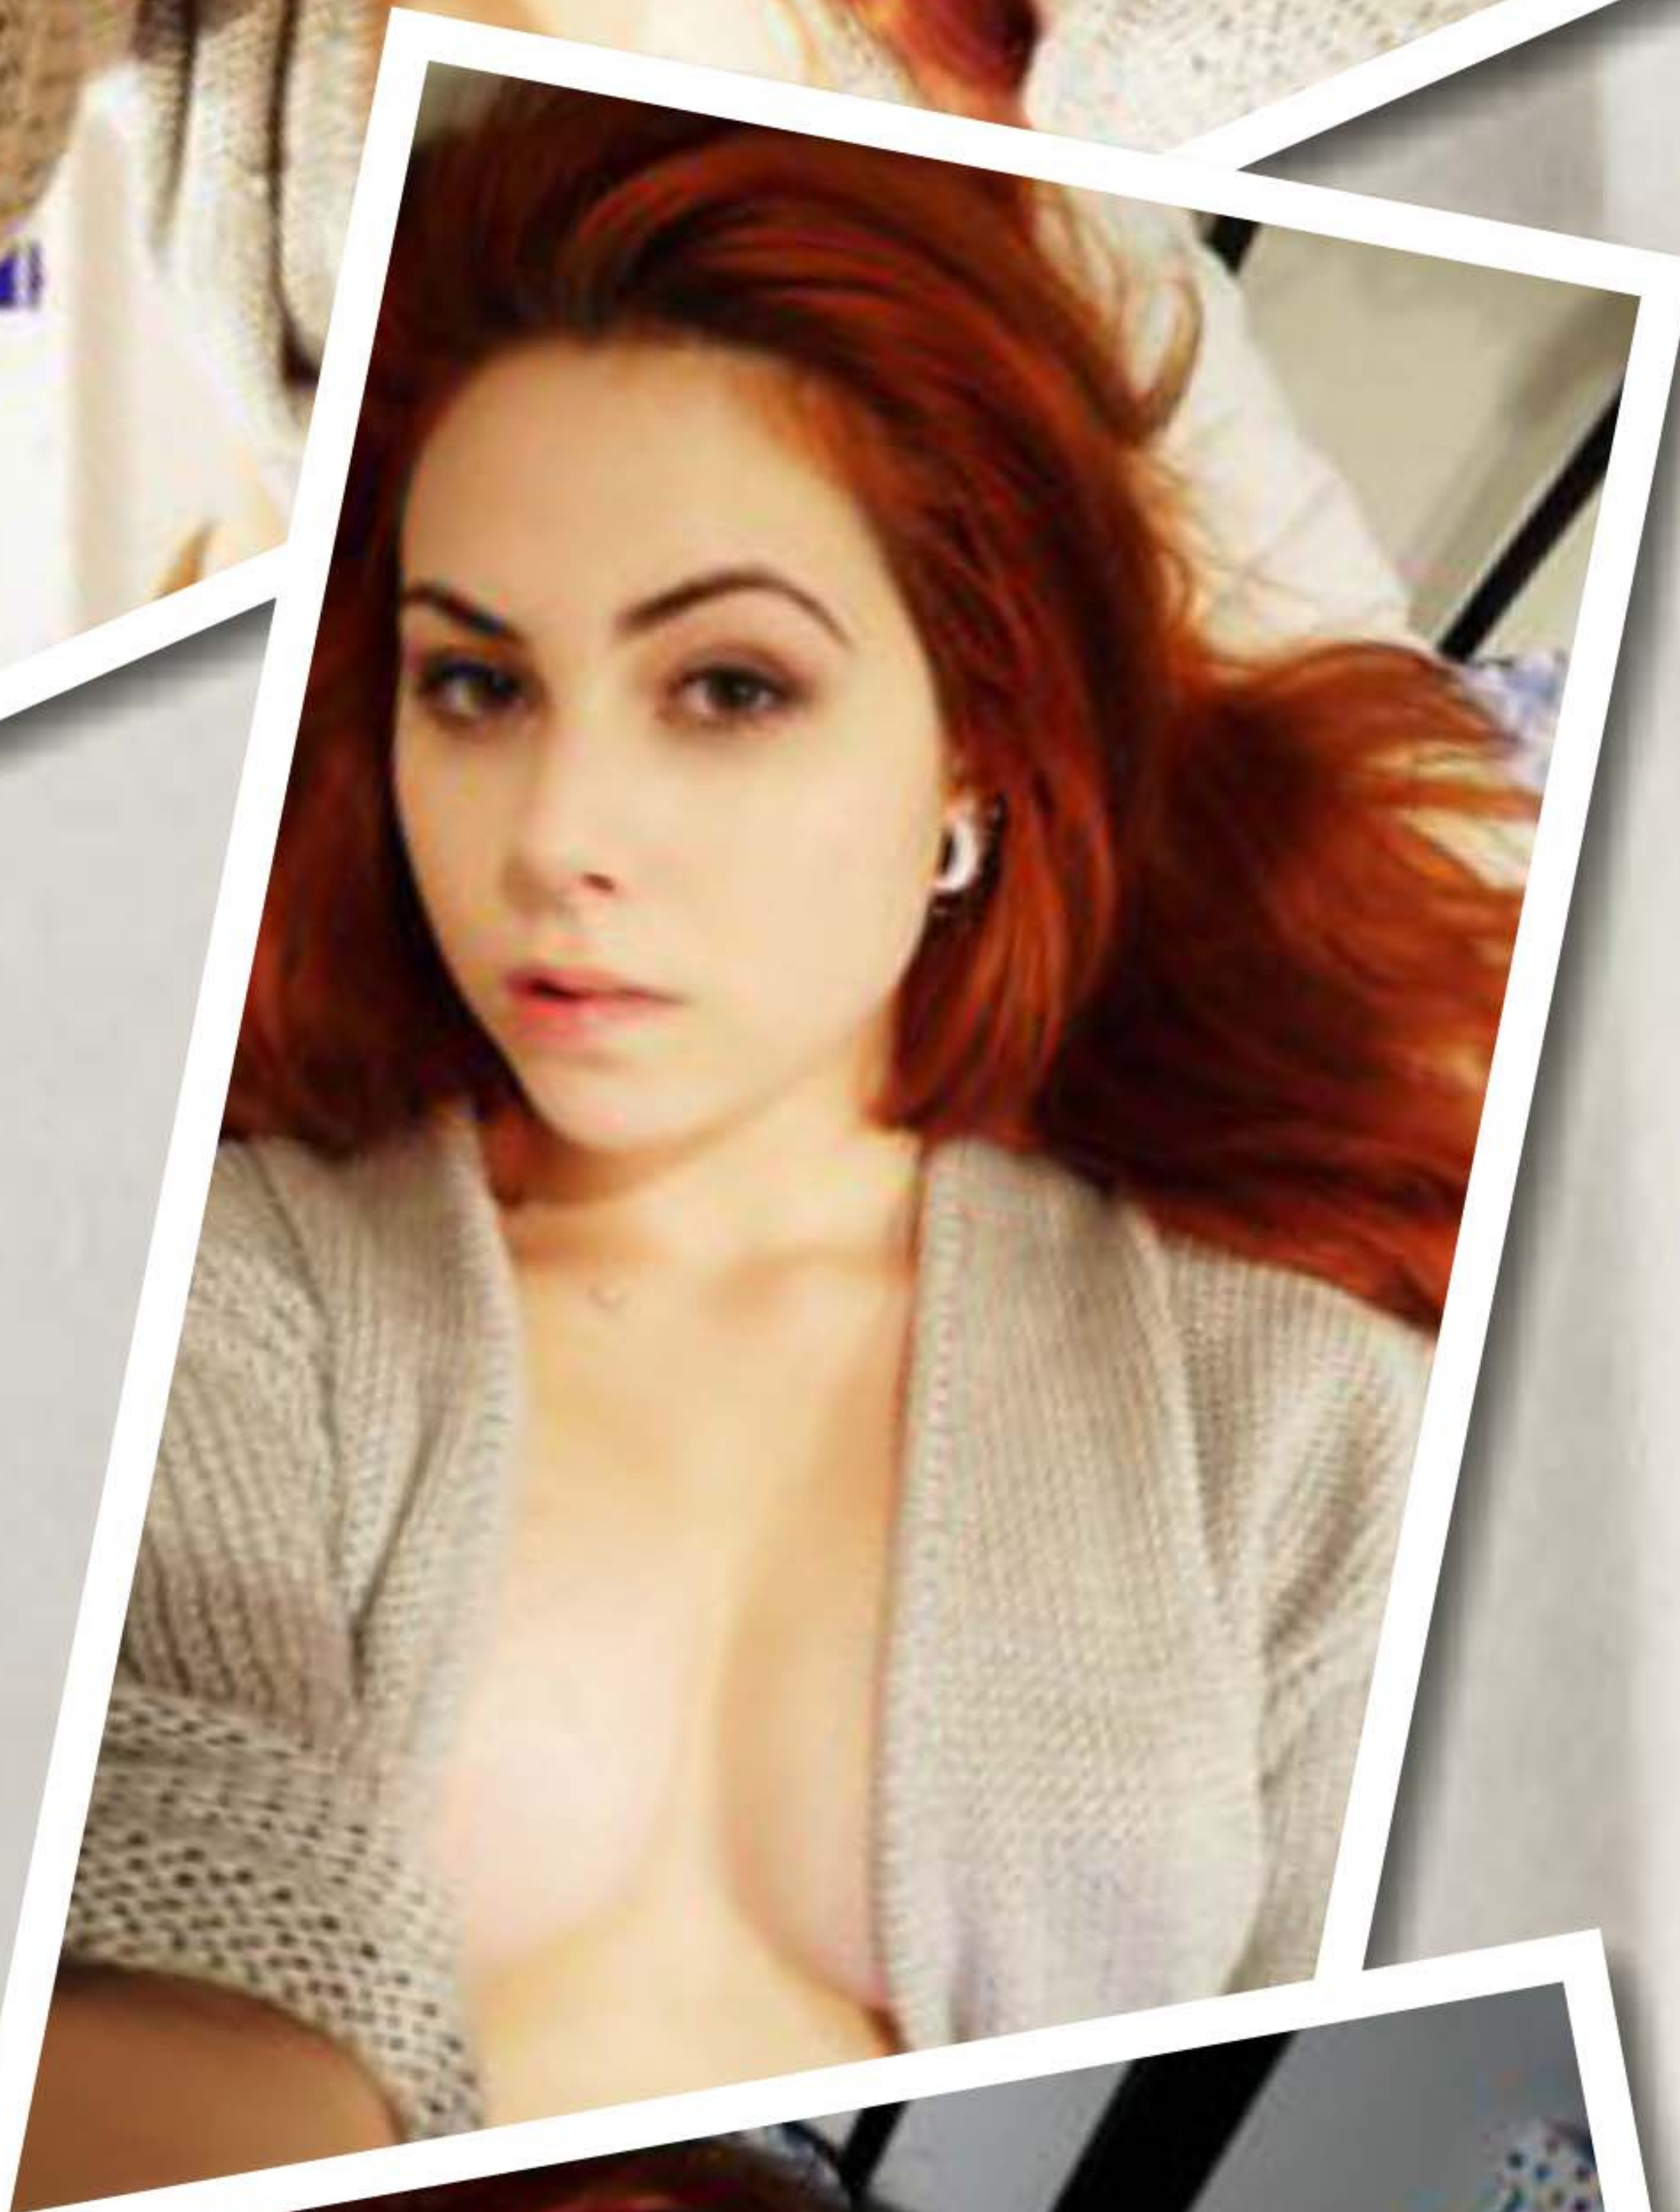

**Do you do anything else?** I get tattooed far too much.

**What are your hobbies?** I live and breathe my hair and beauty career but other than that, I like languages. I am currently trying to learn my boyfriend's language, which is Hungarian; it's the most difficult thing I've ever tried to do! Luckily, he does speak English haha

**Do you have any other talents?** I can create nail art that looks like a space nebula; sadly I haven't had a client yet that wants it! Come on girls, get your nebula on.

**Describe yourself in one sentence:** One big surprise, in a little body.

**What's your best night out?** Staying in with friends and maybe a cheeky bottle of wine. I am such a recluse

**Favourite Music:** Opera. Well, opera is what I'm listening to right now...I don't really have a favourite type of music, I'll listen to basically anything.

**Are you single or taken?** Taken

**Naughtiest thing you've ever done:** Do you really think I'm going to publish that?! I can tell you it involves one of 'Madeleine's Cocktails' though.

**Have you ever kissed a girl?** One of my close friends is a lesbian. I'll leave that with you!

**Celebrity dream date:** Johnny Depp. His girlfriend is not invited.

**Future goals:** Live by the sea, with a few cats and just do hair and nail extensions all day long. Oh, and the occasional photo shoot; once a pouter, always a pouter!

**Any last words for our readers?** Keep an eye out for a small, dark haired, tattooed girl; if you see me, buy me a cup of tea and I will give you a free manicure. Or a hug, whichever you prefer.
